

Greetings,

My name is Matt Aggen, and I am one of your candidates for American Simmental Association Board of Trustees in the North Central Region.

My family and I operate Oak Meadow Farms in beautiful southeast Minnesota. After three years on the Board, the importance of staying true to the core values and the mission statement of the ASA is paramount. I'm seeking reelection, with no agenda or any type of conspiracy theories. I have been fortunate to have some great mentors in my Simmental journey, and those mentors always do it the right way. The opportunity to serve and represent members that share the same passion for this awesome breed of cattle is very humbling. If reelected, you can count on me to represent the membership, not myself.

Thank you for your consideration,

Matt Aggen
