SIM TALK

Linking SimGenetics to Commercial Cattle

SPECIAL ISSUE

2022 Membership Directory

**STAND STRONG
SIMMENTAL**

GREETINGS, ASA MEMBERS AND ALL FELLOW BEEF INDUSTRY PARTNERS

Barry Wesner
Chairman, ASA Board
of Trustees

As we head into summer, with many of us recently wrapping up spring calving and attending bull sales, there are a lot of things to look forward to. Looking at recent bull sales and female sales, the participation in the show ring, and more, you can see that Simmental has arrived. Our cattle are in high demand, and whether it's succeeding in the show ring or performing in the feedlot, there are Simmental cattle that can fit a variety of needs.

We had a very successful April board meeting. The current board brings various backgrounds, experiences, and education to the table, which is exciting. These new, younger voices are going to make the next year exciting and interesting. We had great conversations and made progress on many fronts. Both the trustees and staff had a great conversation during the strategic planning session, and we are all putting serious thought toward making sure we are ready to handle future successes and challenges, all with the goal of making sure our membership is well-positioned. We will continue to evaluate ASA policy to ensure that it is up to date and doing everything it can for our membership.

We had a very successful April board meeting. The current board brings various backgrounds, experiences, and education to the table, which is exciting. These new, younger voices are going to make the next year exciting and interesting. We had great conversations and made progress on many fronts. Both the trustees and staff had a great conversation during the strategic planning session, and we are all putting serious thought toward making sure we are ready to handle future successes and challenges, all with the goal of making sure our membership is well-positioned. We will continue to evaluate ASA policy to ensure that it is up to date and doing everything it can for our membership.

This summer brings another AJSA National Classic, which we are all anticipating to be a massive success. A new addition to the summer is SimGenetic Training for Young Leaders and Entrepreneurs (STYLE), which will bring together many who are the next generation of leadership in our breed and industry. We are also looking forward to Fall Focus, which will be held in Roanoke, Virginia.

Communication is one of my top priorities as chairman, and I will place a premium on quality communication, through all avenues. This is the foundation for progress and it will be a priority throughout the next year. It is also important that we make sure the membership understands the importance and power of IGS, and other ASA programs.

The Simmental breed is in a strong position to continue leading. Last year, we crossed the 20 million animal mark in the International Genetic Solutions (IGS) database, and pulled off one of the most successful and well-attended AJSA National Classics ever. We have crossed more milestones in the first half of 2022, and this progress will continue.

I am excited and thankful to be in this position, and will close by thanking the membership, staff, and board for their continual efforts.

Your Data. His Future.	7

A Profitable Cow Herd Begins With Honest Reflection.

1. Who is Profiting?

Are your industry partners helping you stretch your dollars? Or, are you merely lining the pockets of others? In an effort to chase those vaunted premiums have you sacrificed the fertility and longevity of your cowherd? Have you been convinced of the merits of straightbreeding, when you know the time-tested truths of crossbreeding and heterosis? Tradition only has staying power if it is linked with technology, adaptability, and beneficial business relationships.

USDA MARC GPE Progress Report 22 data states that a 50% Continental x 50% British composite is optimal balance of yield grade and quality grade.

2. Collaboration.

You demand humble business partners willing to collaborate on your behalf. You reach your hand across the fence and expect your breed association to have the courage to do the same. IGS represents roughly 20 partners and the largest beef genetic evaluation on the planet.

IGS has over 20 million head in its database and adds nearly 400,000 head each year. We Collaborate. You Profit.

3. Truth.

Ask any crop farmer – the size of a check doesn't reflect profitability. In recent years, crop producers deal in larger dollars, but haven't necessarily taken more money home to their families. It is uncontested that cow fertility and reproduction are the primary impact on the bottom line for a beef producer. Regardless of biases or misconceptions, some breeds have focused on an efficient cow while some speak purely to terminal premiums.

It is scientific fact that the Crossbred cow is more fertile and more profitable over her lifetime.

 American Simmental Association
 www.simmental.org

Last year, the ASA Board of Trustees passed an open-breed promotion to dual-register cows that are registered with another breed association at the nominal rate of \$5.00 per head; recently they chose to make this price permanent. The rate applies to any female cow that is registered with another recognized breed association.

BALANCE THE SCALES

SimGenetics

American Simmental Association

BREED EFFECTS FOR COW MATURE WEIGHT (MWT)^{abc}

Angus	0
Charolais	-20 lb.
Hereford	-39 lb.
Simmental	-74 lb.

Big cows come with big feed bills.

That's why smart genetic selection pays off in the cow herd. Simmental-influenced cows are an average **74 lb. lighter** at maturity than Angus-sired counterparts, according to a recent U.S. Meat Animal Research Center study.^{a,d}

While Simmental is sized for more efficient gains, 20-year genetic trend lines also show the breed offers reliable calving ease, early growth and cow longevity.

That's a balanced herd built for profit.

STAND STRONG SIMMENTAL

406-587-4531 • simmental.org

^aUSMARC, Zimmerman, M., et al., "Breed and heterotic effects for mature weight in beef cattle," *J. of Anim. Sci.*, Vol. 99, 2021. ^bAdjusted for sire sampling, Angus was the heaviest at maturity among the 16 breeds evaluated. Solutions are deviations from Angus. YW EPDs were extracted from genetic evaluations conducted in 2019. ^cEstimate of MWT differences at 6 years of age. ^dThe study considered 108,857 weight records from 5,156 crossbred cows sired by 787 bulls.

SIMMENTAL PROVIDES Open-breed Registration

Knowledge is a powerful tool for success.

The American Simmental Association (ASA) recognizes that informed, data-driven decisions improve the bottom line for both seedstock and commercial producers. **Last year, the ASA Board of Trustees passed an open-breed promotion to dual-register cows that are registered with another breed association at the nominal rate of \$5.00 per head; recently they chose to make this price permanent.** As the ASA runs an open herdbook to any breed and believes strongly in the benefits of crossbreeding, many members of the ASA raise a variety of breeds of seedstock. Dual registry enables breeders to garner EPD from the largest multi-breed beef cattle genetic evaluation with the International Genetics Solutions (IGS), opens opportunities with other programs available from the ASA, and paints a more complete picture of the herd when all cows are in the database.

“We are taking away that cost-based hurdle for any person who wants access to the IGS Multi-breed Genetic Evaluation to receive a multi-breed, directly comparable EPD,” shares Chip Kemp, ASA director of Commercial and Industry Operations. “If someone has been intrigued by our database but was holding out, this is the opportunity to invest, and bring a large group of females into the IGS database for a credible multi-breed EPD.”

Other breed females can be registered with ASA for \$5, allowing producers to have their whole herd in one system and garner EPD from the IGS multi-breed genetic evaluation

ASA's director of Performance Data Programs, Jannine Story, shares that by dual-registering females, cattle producers take advantage of more meaningful data by creating ties to other offspring and animals in the genetic evaluation. “Not only is this a clear advantage for current members to receive a more complete picture of their herd's performance through fuller pedigrees,” she says, “but also, this open-breed registration promotion, coupled with our various Total Herd Enrollment options, provides any producer, who may have not had access to a multi-breed evaluation before, timely access to weekly updated, low-cost, cross-breed directly comparable EPD on cows and calves.”

Any person can apply for registration on an animal registered with another breed association. **To get started, email a list of the other breed association numbers with tattoos to simmental@simmgene.com.**

**YOUR DATA.
HIS FUTURE.**

**LIKE IT
OR NOT —
WE KNOW
THE TRUTH.**

Data drives our beef decisions today. Data will drive it even more tomorrow.

So, how do you get maximum genetic awareness at a tolerable price point?

One on one consultation and multiple pricing options allow ASA's Total Herd Enrollment to meet your family's needs. Squeeze every drop of genetic knowledge from your herd to give your kids and grandkids the greatest chance at raising their own families in the beef business. There are options available to meet the needs of almost any production system and they can work with any breed type.

Raising quality Simmental and SimAngus™ in west Alabama. We use AI and embryo transfer extensively and place emphasis on excellence in performance and genetics. Look for our entries in the Alabama & Mississippi Simmental Sale. Check out our bulls, which are marketed primarily through the North Alabama BCIA Bull Test.

Sigmon Simmentals is a first-generation Simmental influenced cow-calf operation in Berryville, Arkansas. Founded in 1994, Mike and Lisa have since grown the herd to include 95 purebred Simmental and crossbred cows. The operation really flourished when their children, Kylee and Logan, began showing cattle in 2008.

ALL FOR ONE

 **IGS** International
Genetic Solutions

International Genetic Solutions takes a new approach to the beef business: Collaboration. We're working with producers like you to build a better future.

See why a growing number of cattle breeds are joining forces to empower seedstock and commercial cattlemen to identify only the best animals for their herds.

It's genetic improvement accelerated.
It's power to succeed.

Beef Solutions Bull Sale, Ione

Located one hour east of Sacramento, CA. Circle Ranch markets 150 head of SimAngus™ bulls annually.

Today's cowherd is primarily a SimAngus™ composite of 50% Simmental and 50% Angus, and the bulls we offer are multigeneration halfbloods.

We harness the power of heterosis to create a more durable genetic product regardless of the environmental challenges posed. We absolutely have a herd target for mature size that we think best fits the majority of our customers and the larger beef industry. The lion's share of our bulls hit that target dead center and many of our customers prefer them. "On the edges, however you will find genetics here that can produce powerhouse performance for higher-resource situations, as well as some lines created to minimize maintenance requirements for low-input regions."

Sales Call

A bi-monthly
electronic announcement
of upcoming sales for
ASA Publication advertisers.

If you have recently advertised in ***the Register*** or ***SimTalk***, you are automatically included in **Sales Call** for the month prior to your sale. It is broadcast to over 7,500 subscribers. **Sales Call** announces the name and date of your sale, and provides a link to your sale catalog or website.

Consider this advertising package to promote your sale.

Contact:

Nancy Chesterfield
406-587-2778
nchesterfield@simmgene.com
or
Rebecca Price
406-587-2778
rprice@simmgene.com

Starting at: \$2,000

- ◆ One-year business card ad placement in *the Register* or *SimTalk*.
- ◆ One eBlast announcement prior to your sale.
- ◆ Two full-page ads in *the Register* or *SimTalk*.
- ◆ Link your sale to website.
- ◆ Sale announcement in **Sales Call** prior to your sale.
- ◆ Must purchase package in advance of your sale — ads can be placed throughout the fiscal year.
- ◆ Package can be modified.

Progress Through Performance

Sets the industry standard for genetic evaluation inclusion at several of the major beef cattle shows in the US today.

The American Simmental Association's Progress Through Performance (PTP) program reflects an industry reality that producers routinely balance between phenotypic evaluation and scientifically proven, industry-relevant EPD and indexes.

Six delegates from the ASA membership are chosen to provide a ranked list of ten judge names for staff to tabulate. The top 30 names are to be reviewed and approved by the Activities & Events (A&E) Committee and the full board. Once the approved list is passed, it is sent back to the state associations of the respective Major PTP Shows for review and judge selection for the show season one and a half years from the time of board approval. Judges are selected with the first two picks given to the National Classic, then the five Majors in order based on the rotation schedule of the National SimGenetics Show. Approved judges are highly esteemed cattle evaluators and are provided EPD and indexes on each class.

The list of PTP-approved judges, the PTP judge nomination process, and pertinent PTP show information can be found at simmental.org. The A&E Committee and ASA staff consistently monitor the PTP program and are constantly in search of methods to enhance and elevate the program. In the coming year, PTP will continue to provide strategic opportunities to hone the program and its alignment with ASA mission and membership interests.

ASA Ring of Champions

The ASA Ring of Champions program recognizes the most successful SimGenetics show cattle exhibited at the five Major PTP Shows for the 2021–2022 show season: American Royal, North American International Livestock Exposition, Cattlemen's Congress, National Western Stock Show, and Fort Worth Stock Show and Rodeo. Awarded divisions recognize the Champion, Reserve Champion, and Honorable Mention Show Cattle of the Year. The categories are Purebred Bull, Purebred Female, Percentage Bull, and Percentage Female. After awarding points for placings in classes, divisions, and grand and reserve championships, the highest point earners are crowned as royalty in the ASA Ring of Champions after the last show of the show season.

Sale Date:
Callaway Cattle Company's
AFFORDABULL SALE, Saturday
before Thanksgiving each year.
November 19, 2022

We strive to produce highly fertile, structurally sound, functional cattle with performance, longevity, eye appeal, and balanced EPD.

Our visual selection criteria include:

- 1) correct feet and legs,
- 2) ample muscling,
- 3) plenty of depth,
- 4) easy fleshing ability,
- 5) sound udders, and
- 6) a moderate frame size.

We would welcome the opportunity to drive you through our pastures and let you see our cow herd for yourself.

Herd Reduction. Cattle For Sale :

- A group of ten 5-6-year-old fall-calving cows for sale.
- Also a really nice group of 20 bred heifers, A'd to GAR Freedom for September calves.
- As well as a cut of open heifers ready to breed this fall. Most are sired by Big Timber, Cowboy Cut, Main Event, and Triple Crown.

Give us a call.

Introduce Your Sires to the Industry

Sire Source is a Valuable Tool

A directory designed to assist in the promotion of semen sales of quality Simmental, SimAngus™, Simbrah, Fullblood bulls, and bulls of other breeds. This directory is mailed each spring to every ASA member in order to target potential clients at the height of the semen sale season. Thousands more are handed out at trade shows and industry events, and carried by ASA SimSpecialists throughout the year. We also offer the opportunity to promote additional sires in the online version of *Sire Source* anytime during the next year. Promoting your bull in the online version opens huge marketing avenues for you.

Sire Source users favor the standard format utilized in displaying listed bulls, which allows potential buyers to compare “apples to apples,” as every animal is presented in exactly the same format with information laid out on each page in identical fashion.

Sample of the online *Sire Source*.

www.simmental.org/siresource

Here's what you get:

- ◆ Print version in hard copy at no cost to you.
- ◆ Instant access through the online *Sire Source* catalog.
- ◆ Discount on a full page ad in the *Register* or the *SimTalk* anytime (one time only) during the online post.

Online Version of *Sire Source*:

- ◆ Easy to promote additional sires during the year.
- ◆ Current sires can be updated during the year — new bull photo, new bullet points, new support photos.
- ◆ Direct link to your bull in Herdbook.
- ◆ Promoting your bull in the online version opens marketing avenues for you.

Samples of the printed bull pages in the 2022 *Sire Source*.

To promote your bull(s) in the online version of *Sire Source* or learn about listing bulls in the 2023 print edition, contact:

MEMBER FOCUSED SERVICES

ASA members represent a diverse group of cattle operations.

From the traditional Simmental and SimGenetic seedstock breeders, to seedstock operations of a different breed, to progressive commercial cattle operations, ASA offers services to meet all their needs. ASA provides tools and information tailored to the varied requirements of our members and their customers.

ASA Membership Perks

- ◆ Open herdbook. ASA welcomes all breed compositions to help members produce more profitable beef cattle.
- ◆ Online access to Herdbook Services 24 hours/7 days a week for registrations, transfers, and payments.
- ◆ *the Register* and *SimTalk* magazines, *Sire Source*, e-newsletter, and eBlasts.
- ◆ Rights and privileges to elect Trustees and vote on changes to Rules and Bylaws.
- ◆ Be a part of the world's largest multi-breed beef cattle genetic evaluation.

Herdbook Services

A primary function of ASA is maintaining cattle performance records, pedigrees, ownership, and other genetic information in the database. Herdbook Services gives current members electronic access to their own herd data. EPD, dollar indexes, genetic traits and conditions, pedigree, and adjusted performance information on all animals in the database are available to the public on ASA's website. Check out www.herdbook.org for more information.

Herdbook Services Tools

Registrations

A structured way to report, register, or update animal records 24 hours/7 days a week.

Transfers

Transferring the registration certificate from one owner to another keeps member inventories current, brings the new owners into the Simmental community through *SimTalk* subscriptions, and adds marketing opportunity with buyers.

- The first transfer is free.

Animal Lookup

The main animal page includes EPD, indexes, and pedigree for any animal with a known registration number, name, or tattoo.

Planned Mating

An easy-to-navigate tool for EPD estimates on calves resulting from specific mating(s).

EPD Search

A user-friendly search to generate a list of animals tailored to meet your needs. Members may specify thresholds for dollar indexes, EPD, and/or accuracies as well as coat color and horned/poll preference.

Using Your Data

Herdbook has many useful reports and summaries available to download.

- ◆ Dam averages (calving intervals, BW averages, WW averages, etc.)
- ◆ Calf crop summaries
- ◆ Herd and animal EPD, data, and ratios
- ◆ DNA summaries
- ◆ Genetic trait conditions
- ◆ Genetic trends
- ◆ Custom-built herd reports

"The women in the processing and DNA department have been an outstanding group with whom to work. Their dedication to the association and membership is above and beyond routine expectations. They are always willing to assist and get the job done in a short amount of time. These women truly care about making the Simmental breed the best it can be and providing excellent customer service."
- Danielle LeDoux, Ree Heights, SD

Active Herd

Digitally manage your herd records and import them directly into Herdbook when ready.

- ◆ Weaning and yearling weights and measurements
- ◆ Herd health treatments
- ◆ Breeding, pregnancy, calving
- ◆ Inventory active pastures

Total Herd Enrollment

A whole cow herd reporting program designed to gather production, longevity, and fertility data. ASA has four THE options meant to fit most seedstock and commercial operation needs. Reach out to our THE team to help get started or answer any questions.

DNA Services

From basic trait testing to genomically enhanced EPD, ASA offers a full suite of DNA options.

- ◆ Approve an AI sire or donor dam (required for registrations). As of July 2020, the GGP-100K test qualifies AI sires and donor dams.
- ◆ Test and track animals at risk for a genetic condition or trait.
- ◆ Parent-verify a purchased embryo (required for registration).
- ◆ Increase the accuracy of EPD through uLD and 100K genomic testing.

Sale Date:
Bulls of the Big Sky,
Billings, MT,
February 20, 2023

Our genetics originate from purchases we made in 1992, but we use today's leading-edge genetics to make cattle that can perform for the commercial and seedstock producers with today's needs.

We are very excited to continue to build and celebrate the 14th Annual Bulls of the Big Sky Sale February 20, 2023.

Our females join the Western Choice Simmental Sale December 3, 2022.

EDUCATIONAL MARKETING AND AWARENESS

“ASA exists to identify value points within our cattle population and to aid our members, and the business at large, in the decision-making and promotional efforts associated with those value points. These are not light or trivial matters. They impact lives and livelihoods. As such, our educational and marketing approaches are not trivial either. We use facts, informed and credible voices, and industry leverage and connections to generate informative and impactful materials that better position our members to navigate the challenges of our business. As always, we market with a purpose. And that purpose is to drive profit in the beef business.”

- Chip Kemp, Director of ASA and IGS Commercial and Industry Operations

ASA provides a wide array of services relevant to almost anyone in the beef business. Our members are progressive and innovative, and as a result, they expect ASA services to be equally cutting-edge. Our marketing efforts must keep pace, and often take on an educational twist – ranging from highlighting the genetic prowess and profit power of SimGenetics to providing awareness of many of the ingenious tools available to all segments of the industry. Our business, and the ever-changing multimedia landscape, necessitates that ASA be nimble and adaptable in marketing efforts.

Target Audiences

1) ASA members and their existing customer base

ASA publications, traditional advertising, and promotional pieces using traditional print and digital platforms.

2) Potential members and potential customers

Specific topic-focused and educational approach using traditional print and increasingly various digital approaches.

3) Serious industry influencers

ASA and IGS promotional events, seminars, invited talks, well-placed articles and ads, and engaging serious drivers of social media.

Still captured from new videos produced in 2021.

Advertising, Promotion, and Marketing

1) Print Media

- ◆ National campaign ad slicks and programmatic advertising for ASA magazines, non-ASA national publications, and regional magazines.
- ◆ Digital ad versions available via state-based Cost Share Program.
- ◆ Educational articles leveraged internally and externally to aid in messaging.
- ◆ Sale books, flyers, *Sire Source*, press releases, etc.

2) Digital Platforms

- ◆ Websites include: Simmental.org, FallFocus.org, JuniorSimmental.org, and InternationalGeneticSolutions.com.
- ◆ Social Media outlets — ASA, AJSA, and IGS are on most popular social media platforms.
- ◆ Digital Programmatic Advertising — creative application of modern digital advertising tools.
- ◆ Apps — ASA has apps for both ASA news/announcements and the IGS Feeder Profit Calculator™.
- ◆ Stock photos and Cost Share ads are available on Simmental.org.
- ◆ Video marketing has been greatly enhanced during 2021. Video application crosses the boundaries of all digital platforms. Additionally, appropriate video and audio content has applications in traditional news media outlets.

3) Booths and Presentations

- ◆ 2021 continued to impact traditional event presence, but ASA remained nimble and organized, and participated in numerous virtual events as speakers, presenters, and invited guests.
- ◆ Trade show booths are leveraged at various events nationally and regionally.
- ◆ Pull-up banners are available upon request and availability for state functions.
- ◆ Invited ASA staff presentations and talks are key to appropriate messaging and connectivity with all three target audiences.

Samples of spread and full-page advertisements placed in national and regional publications, in addition to the Register and SimTalk.

ASA Class of 2022

CMP
CARCASS MERIT PROGRAM

The American Simmental Association Carcass Merit Program (CMP) is the beef industry's most demanding and informative young sire test. The program is a hallmark of AAA breed improvement for economically relevant carcass traits. Commercial producers rely on breed-up to this program.

Participants receive:

- \$60 for each AA-rated calf with carcass information
- Free services on improving feed efficiency
- Free ASA Genetic Evaluation on your carcass
- Free analysis on carcass samples
- Free use of development facilities

Receive a Carcass Merit Program test herd index.

SimGenetics
American Simmental Association

Before you load that new bull . . .

There is something you deserve to know.

The Problem:
Cattle feeders are experiencing abnormally high death loss with many straightbred calves.

The Solution:
Responsible Crossbreeding with **Simmental**

Highlight the health and genetic value of your Simmental influenced calves through the ICS Feeder Profit Calculator™

Feeder Profit Calculator™

SIMBRAH

A classic never goes out of style.

- ✓ Heat and humidity tolerant
- ✓ Disease and parasite resistant
- ✓ Predominantly polled
- ✓ Black or red to fit your operation
- ✓ Ideal complement to Angus genetics in harsh environments

Rincker Simmentals is a seedstock cow-calf operation located in east-central Illinois. The primary herd raises seedstock replacement and show heifers along with select performance bulls. Several cows are targeted for show-quality steer and heifer calves, and our customers' success is our focus. Annually, Rincker Simmentals makes available the top selections from its calf crop, along with quality AI bred heifers.

Please feel free to contact us anytime for more information on our cattle, sales or upcoming events. Visitors are welcome anytime.

GENETICS THAT PAY

 **SimGenetics**
PROFIT THROUGH SCIENCE
American Simmental Association

\$20+
**MORE PER
CARCASS**

Success on the ranch is measured in dollars.

Data from the Tri-County Steer Carcass Futurity Cooperative finds packers pay **\$20 to \$34** more for SimAngus[™] and Simmental-sired cattle than English-sired counterparts.^a

Simmental influence also pays at auction. SimAngus-sired steer calves sold through Superior Livestock Auction earn more at sale time than all other calves.^b

It's no wonder the percentage of SimAngus calves marketed through the industry's largest video auction has grown **eightfold** since 2010.

**STAND STRONG
SIMMENTAL**

406-587-4531 • simmental.org

^a Effect of sire breed group on carcass value of feedlot cattle harvested through Tri-County Steer Carcass Futurity Cooperative, Lewis, Iowa, 2002 to 2018. Odde, K. & King, M. (March 2021). Kansas State University. Relationships Among Sire-Breed Group, Calf Sex and Year Group on Carcass Traits. Breeds represented in the English-sired group: Angus, Red Angus, South Devon, Hereford and Shorthorn.

^b Effect of sire breed on sale price of beef steer calves sold through Superior Livestock Auction, summer 2020. Odde, K. & King, M. (December 2020). Kansas State University analysis of 394,900 head of beef calves. Estimating the Value of SimAngus-Sired Calves: Superior Livestock Auction – Summer Sales, 2020. For lots of 50 head or more.

Private Treaty:

All breeding females and bulls are
for sale private treaty. Contact Dan
for more information.

*Harker Simmentals has grown and
changed since the 1990s. Substance,
structural soundness, and quality
EPD with an emphasis on maternal
characteristics are a few things the
Harkers use as building tools. Today,
the operation consists of 150 head of
purebred and percentage Simmental
females and purebred Black Angus
females. Fancy heifer calves are
auctioned through the Field of Dreams
Sale now held at the Harker's farm.
Females purchased through the Field
of Dreams Sale are exhibited by juniors
from across the country.*

PROFIT THROUGH SCIENCE

American Simmental Association

www.simmental.org

Is Carcass Merit Vital to Your Business?

We would like to work with you on your sire-identified, terminal calves.

- ◆ Free semen on the nation's top herd sire prospects
- ◆ Free genetic evaluation (EPDs and Selection Indexes) on your cowherd
- ◆ \$65 paid per CMP sired carcass record
- ◆ DNA tests performed on terminal calves

**This is a structured young sire test so please inquire about qualifications and expectations.*

- ◆ Free 100K GGP DNA test on all sire-identified terminal calves with carcass data
- ◆ DNA Parentage included
- ◆ Tissue Sampling Units provided at no cost

**This is an ongoing research project, participants are limited so please inquire about availability.*

For more information regarding both programs, contact:
cmp@simmgene.com for CMP inquiries
lgiess@simmgene.com for CXP inquiries

AMERICA'S COW

Simmental, SimAngus™, SimAngus HT, and Simbrah.

Meet America's all-purpose cow – gentle and consistent, with calves that give the heterosis boost commercial cattlemen need to stay profitable.

Simmental cows set the bar for fertility, weaning weights and exceptional calving ease suited to a variety of environments. Simmental cows are adaptable, built to last in heat, fescue or high altitudes.

Maternal Trait Genetic Trends

Purebred Simmental in past 20 years

Simmental genetics bring calving ease, early growth, and cow longevity while keeping feed costs at a minimum.

Breed	Mature Cow Wt.
Hereford	1,419
Angus	1,410
Red Angus	1,409
Simmental	1,404

Source: USDA MARC

\$All Purpose Index (\$API)

predicts cow herd profitability using valuable traits like cow longevity (STAY) and calving ease while keeping pressure on terminal traits.

Compare the profit potential of two Simmental bulls using \$API

- 1 Bull A's \$API = \$120 and Bull B's \$API = \$180
- 2 Breeding 25 females/year
- 3 Used for 5 years

Bull	1 \$API		2 # Females per year		3 # years using the bull		Profit Potential	
A	\$120	X	25	X	5	=	\$15,000	
B	\$180	X	25	X	5	=	\$22,500	
Difference							=	\$7,500

Just like an EPD, compare two bulls to see the expected difference in profit. Bull B is likely to result in direct revenue and expense savings of an additional \$7,500 over the course of five years. Plug in your numbers for 1, 2, and 3 to compare your potential earnings.

MORE MEANS MORE

More carcass weight, live weight, muscle and marbling. More profit.

Simmental calves reliably perform in the feedyard – with better growth, better structure and fewer health problems. Simmental cattle add pounds without sacrificing marbling.

Backed by the most comprehensive beef cattle genetic database, the American Simmental Association offers commercial producers more selection and marketing tools than any other breed association.

All to strengthen your bottom line.

Terminal Trait Genetic Trends

Purebred Simmental in past 20 years

\$Terminal Index (\$TI)

predicts profitability when all calves are harvested.

Trait	Simmental rank compared to other Continental breeds
Marbling	First
Carcass Weight	Second
Back Fat	Second
Post Weaning Gain	First

Source: USDA MARC

Simmental cattle bring marbling and growth without too much fat. Simmental genetics perfectly complement British strengths and weaknesses for an ideal carcass.

Did You Know?

◆ According to the National Association of Animal Breeders, Simmental ranks second for semen sales compared to all other beef breeds, and in recent years, the percentage of semen sold in the US from Simmental bulls has grown by 35%.

◆ \$API increased 27% and \$TI increased 26% in the last 20 years. This translates to an average increased profit of \$3,375 per bull when used to sire replacement heifers and harvesting remaining calves or \$2,000 when all calves are harvested.

DATA DRIVEN PROGRAMS

Members benefit from ASA programs built to ensure quality record reporting and reward important but rare data like mature cow weights, feed intake, carcass records, and female genotyping.

Genomics are a wonderful tool to improve EPD accuracy; however, the backbone of every genetic evaluation is still performance data. Without records for traits of interest, we can't use genomics to its full potential. Looking toward the future, it's important to continue collecting and submitting performance data on your animals, in addition to using genomic technology.

Total Herd Enrollment (THE)

THE ensures the most accurate prediction from the genetic evaluation so that both commercial and seedstock producers can make more informed selection decisions. THE is a cow-inventory reporting program designed to gather production, longevity, and fertility performance data on the whole cow herd. THE requires participants to provide annual reproductive and inventory status on their cow herd.

Breeders benefit from:

- 1) Improved quality of data submitted for genetic evaluation through whole contemporary group reporting.
- 2) Improved reproductive EPD by focusing on the cow herd.

"Whether registered or commercial, I like to know how our cows are performing. Each of our females needs to look like a brood cow that has the structure and the EPD behind her to make it. Enrolling in THE gives us the data we need to produce animals that perform."

- Grant Jones, Chundy Land and Cattle, Haigler, NE

- 3) Performance Advocate recognition. A Driven Performance Advocate submits records on at least 10 of the 14 traits, and 90% of the contemporary group. A Dedicated Performance Advocate submits records on 90% of the contemporary group, and records on 8 of the 14 traits. Those who meet this designation are highlighted in the Late Fall *SimTalk* and on ASA's website.

Contact your THE team to find the best fit for reporting data on your entire herd.

Cow Herd DNA Roundup (CHR) and Calf Crop Genomics (CCG)

CHR and CCG are research projects launched by ASA in collaboration with Neogen® Genomics to offer 50% off a GGP-100K genomic panel to participating breeders who test their entire cow herd (CHR) or calf birth group (CCG). If breeders submit additional phenotypic data on the animals in either program, they can receive additional discounts.

CHR and CCG bring great benefits to participating members:

1. Global benefits of improved trait predictions.
2. CHR: for many traits, adding genomic results to a dam's EPD is similar to doubling a lifetime of calf records to the cow's information.
3. CCG: More complete information to make selection decisions earlier in an animal's life, saving valuable resources spent developing bulls and heifers.
4. Parentage included. Large-scale testing will reveal and help correct errors in pedigrees, resulting in better EPD predictions and cleaner records for the future.
5. Parentage markers are in the database for easier parentage testing for the future.
6. Additional trait testing available at "add-on" pricing.

Andrew explains the decision behind enrolling in CHR. "And then we decided ... we might as well DNA test a lot of our cows as well. A lot of the bulls that we're buying are DNA tested and we figured if we want to improve our calves and our cow herds faster, then we probably want those EPD to be more accurate. And we figured if we DNA tested all of them that would speed up our process and increase the accuracies of the EPD."

- Andrew Katterman, Kattle Bell Farm, Hale, Michigan

ASA is responsible for over 10,000 of the 11,000 animals with genomics and actual carcass data in the International Genetic Solutions (IGS) multi-breed database.

Carcass Merit Program (CMP)

From providing confidence in calving ease to predicting end product value, the Carcass Merit Program (CMP) offers critical records to ASA members. Historically, the CMP contributed over 1,000 birth-through-weaning records, and over 500 yearling weights and carcass records annually. Recently ASA added new cooperator herds, individual feed intake collection, and genotyping calves to the program. All new CMP sires were evaluated on a prototype sequencing genomic panel, helping further develop more impactful genomic technologies. Breeders interested in obtaining rare and valuable carcass records can enroll in the CMP for \$1,500/sire.

age of genomics, it is clear we need genotypes on animals with actual carcass phenotypes.

In the Fall of 2018, ASA added another layer of commitment to predicting carcass traits. ASA initiated a program called the Carcass Expansion Project to increase the number of carcass records on genotyped animals. The ASA Board of Trustees and staff are ramping up both phenotypic and genotypic data collection on terminal calves — a vital part of our vision.

Feed Intake Incentive

The cost of feed is the number one cost to the beef industry annually (65% of the production cost of beef). The ability to predict differences in feedlot intake of sires' offspring is an important component in the assessment of differences in profitability among sires. Collecting individual feed intake data on calves of known sire groups will improve our ability to predict feed intake and thus improve our ability to predict differences in profit.

The ASA offers a 50% price discount on GGP-100K genomic tests, in exchange for feed intake data from the same animal. This incentive couples the need to increase the number of feed intake records in our database with an increase in the use of genomic testing.

Commercial Services — Value Added for Members' Customers

ASA seedstock breeders can leverage ASA and IGS commercial programs to provide better service to their customers. Encourage your commercial customers to enroll in the THE commercial option, CHR, and use the IGS Feeder Profit Calculator™ to make more informed decisions and market their calves more effectively. In addition, adding records from your customers' herds is like building your own young sire test program. Make ASA's customer service team your customer service team.

"It is rare for a breed association program to literally be a win for everyone, but the CMP and CXP programs accomplish a big win for all. A win for the CMP herd by providing free semen, subsidized payments for each harvested carcass, complete birth-to-harvest processed data, and EPD on their cow herd that allows for more accurate genetic improvement for generations into the future. A win for the enrolled bull owner by supplying non-biased, third-party complete data from birth to harvest on your sires as well as maternal data well into the future. Possibly the biggest win is for the members who do not enroll sires but use genomically enhanced EPD. Yes, the CMP and CXP programs are a win for everyone."

-former ASA Chairman of the Board, Gordon Hodges, Hamptonville, NC

Carcass Expansion Project (CXP)

Despite the importance of carcass traits to our industry, few producers devote resources to collecting and recording actual carcass data. While the CMP is a valuable progeny test, it is limited in the number of records produced. We cannot depend on the CMP alone to bring in carcass data. In the

NEOGEN is proud to be a partner of the American Simmental Association and collaborate on research projects to drive innovation, backed by science proven by genetic progress.

Your herd is covered.

On the ranch, you make decisions using visual appraisal every day. But what about the traits you don't see? That's where NEOGEN's® GGP comes into play. We've loaded the most informative markers and filled in the gaps to provide you with the most complete and powerful seedstock selection tool in the industry.

So, you can be sure those lines in the tag are working overtime for you to provide confidence in selection decisions that help bolster your reputation amongst your herd and customers for generations to come.

GGP's markers have you covered and informed. Leverage GGP today by contacting your breed association or go to genomics.neogen.com/en/ggp-beef

JUNIOR PROGRAM

From little hands to big leaders; grow with AJSA.

"It is my hope that I can inspire and encourage the youth to be seen, and more importantly to be heard. There are some amazing families involved in this association."

- Mia Bayer,
Youth and Foundation Coordinator

Youth Programs

Building an understanding of the beef industry while developing leadership, networking, and communication skills.

- ◆ AJSA was founded in 1975 and has over 3,000 active members.
- ◆ Governed by 16 AJSA Trustees serving a two-year term, for up to two terms. Trustees promote the Simmental breed while assisting in new programs and strengthening the leadership of junior members.

Regional and National Classics

- ◆ Regional Classics are held in June prior to the National Classic, and are hosted by a state association in one of four regions: Western, South Central, North Central, and Eastern.
- ◆ The National Classic is held each summer for a week, taking place in a different location across the country each year.
- ◆ The Classics provide an opportunity for junior exhibitors to showcase knowledge of their animals, the beef industry, and the Simmental breed.
- ◆ Mentor/Mentee Program, and recognition of the Merit Award Winners.

- ◆ Juniors are required to compete in four out of the five educational contests to exhibit their animals:
 - Public Speaking, Sales Talk, Cattleman's Quiz, Calvin Drake Genetic Evaluation Quiz, and Livestock Judging.
 - Additional competitions include: Cattle Show, Showmanship, Photography Contest, Interview Contest, Junior Herdsman of the Year, and Steer Profitability Competition.
- ◆ Juniors from across the country compete to place in the top 10 at the Regionals and the top 20 at the National Classic in each contest. At the National Classic, the esteemed overall top 20 in each age division are recognized.
- ◆ Cattle are exhibited for Percentage Simmental, Purebred Simmental, Simbrah, and Fullblood for the following divisions:
 - Bred and owned female, cow-calf pair, steer.
 - Owned female, cow-calf pair, steer.
 - Bred and owned bull.

"The emphasis on educational contests is unique to the AJSA. The exposure to these industry-relevant areas allows the AJSA to be a consistent cultivator of well-rounded, prepared, sharp, and driven young people."

- Martha Moenning, 2021 AJSA president

American Simmental-Simbrah Foundation Scholarships

- ◆ Awards several scholarships totaling \$40,000 each year at the National Classic.
- ◆ Juniors receive Bronze, Silver, and Gold Merit Awards; Peter Courtney Memorial Scholarship; the Eileen Dujardin Memorial Scholarship; and Hotel Scholarship.

Gold Merit Award Winners

Silver Merit Award Winners

◆ 872 head of cattle were shown by 542 exhibitors at the 2021 National Classic in Grand Island, Nebraska.

"The SPC is a tremendous opportunity for youth to have exposure to cattle feeding business and ultimately the product that reaches the end consumer. Regardless of the focus in your operation, we are ultimately beef producers, and this program gives youth participants exposure to the side of the business that gets our product to the plate."

- Dr. Abbie Redalen, parent of SPC participant

Steer Profitability Competition

- ◆ Provides an opportunity for members to get meaningful exposure to understand cattle feeding.
- ◆ Introduces juniors to peers, mentors, industry advocates and allows them to have experiences that are unique for any beef producer.

Summit Leadership Conference

- ◆ Held in conjunction with the American Junior Shorthorn Association and the American Junior Gelbvieh Association every other year.
- ◆ Focuses on educational workshops designed to enhance leadership development, communication skills, and beef industry knowledge.
- ◆ Juniors, 14–21 years of age from all over the country participate.
- ◆ Features nationally known speakers, and farm, ranch, and industry-leading company tours.

Cow Camp Ranch and Cow Camp Feed Yard are a family-owned seedstock, commercial cattle feeding, and farming operation. We specialize in breeding Simmental and SimAngus™ bulls as well as custom feeding and marketing cattle.

Contact us to discuss your seedstock or cattle feeding needs and see how we can help you.

Raising and feeding cattle for five generations. Your best source for Simmental and SimAngus™ genetics.

Sale Date:
Annual Production Sale
March 22, 2023
LaCrosse, KS

Diamond H Ranch began in the spring of 2007 when we purchased our cow herd, which consisted of 20 pair. Over the years we have focused on breeding to high-quality genetics, implementing superior hybrid vigor and getting the female right first. Our goal is to provide superior genetics that would satisfy the needs of any producer, while increasing our customer's bottom line. Red Angus and Red SimAngus™ cattle are the two breeds that we work with. In an industry with ever-changing demands to produce a higher-quality and more identifiable beef, we hope that our offering will aid in that quest.

We now have a cow herd consisting of 200 registered pairs in addition to our commercial heifer buy-back program. We are always striving to make improvements and the ranch has continued to expand.

Our cattle have seen some very tough conditions over the years, but have managed to stand strong in both the hard and prime conditions. Through it all, we have persevered and we hope that our cow herd will only continue to grow so that we may provide you with the high-quality genetics that you are seeking.

Again, we thank you for your interest and for giving us the opportunity to serve you as a seedstock producer.

First Wednesday in March

Klein Ranch is located in northwest Kansas and has been raising black and red registered Simmental and SimAngus™ cattle since 2005. Our family has been raising cattle since the 1930s in Rawlins County, KS. We strive to create cattle that are moderate in frame with performance in growth and carcass. Cows have sound feet with calving ease, fertility, and mothering ability. We take a balanced approach in selecting EPD that will produce quality cattle that will fit the cattle-man's needs.

Visitors are always welcome.

If Beef is Your Business

The American Simmental Association Carcass Merit Program (CMP) is the beef industry's most demanding and informative young sire test. The program is a hallmark of ASA breed improvement for economically relevant carcass traits. Commercial producers play an integral part in this project.

Participants receive:

- ◆ \$65 for each AI-sired calf with carcass information
- ◆ Free semen on top young herd sires
- ◆ Free ASA Genetic Evaluation on your cowherd
- ◆ Free genotyping on terminal progeny
- ◆ Keep any or all replacement females

American Simmental Association

To learn more about the CMP visit www.simmental.org, then click Carcass Merit Program under the Commercial tab.

Questions, contact cmp@simmgene.com for more information regarding this program.

Become a Carcass Merit Program test herd today

*The CMP is a structured young sire progeny test. Participating cooperator herds will random sample their cowherd with CMP semen, and the resulting male (or female) progeny will be harvested with individual carcass data gathered. ASA Staff will work with cooperator herds to provide bulls that fit the general criteria of your management program, however only bulls nominated into the CMP program may be used. Producers are encouraged to be somewhat proficient in Microsoft excel for accurate and consistent record keeping.

Come one, come all!

All Breeds Welcome!

"I love this program and appreciate that it is flexible for other activities. I like it more when Cowan can be on the live webinar, but that's life. The data is awesome, and it's a great learning experience. Many of the assignments were high-level. I think that is great but can be daunting when even the parents aren't awesome at it."

– Natasha Mortenson, participant

"She really enjoyed it all, and the varied content was awesome! The hands-on things she enjoyed more than the papers, but that is her being young."

– Chelsea Faulhaber, parent

"I enjoyed participating in the SPC Contest this year a ton. My favorite part was honestly probably making my steers ration! It was so different than any of the other assignments and it honestly took things to a whole different perspective for me. As always, every year I seem to learn more and more. I love the topics that the webinars go over and they have awesome speakers/presenters this year so it made it really fun to listen to. There was nothing that I disliked this year, you guys all made it really fun for me anyways and I really enjoyed it."

– Audrey Redalen, participant

"I greatly appreciate how this program has continued to be open to feedback and evolve! An example that especially resonates with me as a parent is how the assignments have developed into truly educational experiences. The first year of the SPC program primarily focused on the assignments summarizing the content of the webinars. This year the participants have had the opportunity to showcase through a number of different avenues what they've learned. These learning activities accommodate diverse types of learning styles and help to solidify the information in a meaningful way! As a parent and a Simmental breeder, this program is so valuable in my eyes. Please continue to communicate what we can do to support this program!"

– Abbie Redalen, parent

"I liked to learn about everything and I think it will all help me moving forward."

– Cowan Mortenson, participant

"I enjoy the data! Grace and I enjoy working together, particularly using good data for making decisions and then evaluating our results. This is one of the reasons we continue to participate in the SPC, to learn more about our own operation from the terminal side. I am encouraged that she gets excited about topics that she is learning from."

– Chuck Ewing, parent

American Simmental Association

2023 AJSA STEER PROFITABILITY COMPETITION

The AJSA Steer Profitability Competition (SPC) is designed to provide junior members meaningful exposure to the opportunities and challenges associated with cattle feeding. The SPC will not only allow participants to measure and compare the profitability of their own animal(s), but of greater importance, it will introduce young beef enthusiasts to peers, mentors, industry advocates, and experiences that are exceedingly difficult to acquire for any beef producer. Participants in the SPC program will be powerful voices as they transition from junior membership to adult participation within the beef industry.

REQUIREMENTS

1. Steers only
2. Entrant must be an AJSA member
3. Animals must be entered in the ASA database
4. Either sire or dam on file in the ASA database
5. Birth date range: 1/15/22 to 4/15/22
6. Weaning date range: 8/15/22 to 10/15/22
7. Castration must occur prior to weaning
8. Steers must weigh 500-750 lbs. at delivery
9. Steers must be polled or dehorned
10. Any breed composition welcome provided they meet rules 1-9

CONTEST GUIDELINES

1. Entry fee of \$65/head
2. Feedlot placement approximately November 1
3. All decisions at the discretion of feedlot
4. Harvest will occur approximately May 2023
5. Participation in monthly e-meetings
6. Entrant will receive reports on
 - a. Monthly feed and health bill
 - b. Final feedyard data
 - c. Final carcass performance data

Winners will be announced at the 2023 National Classic Awards Banquet. Awards will be granted for the top three animals overall, top three pens of three overall, and top monthly write-up participant.

DETAILS:

1. All steers on GrowSafe feed intake system throughout the entire project.
2. Individual intake and gain information on all steers.
3. Monthly weights on all steers.
4. Steers will be fed at University of Missouri Beef Research & Teaching Farm in Columbia, MO.
5. A monthly newsletter highlighting SPC details, industry news and steer performance.
6. Monthly bill detailing specific expenses on each steer.

- Mandatory monthly educational webinar
- Mandatory monthly assignment (variety of formats and age expectations)

Go to juniorsimmental.org to register or find more information.

"Proof + Performance = Profit"

2022 BOARD OF TRUSTEES COMMITTEES

Executive

Barry Wesner, Chairman
Doug Parke, Vice Chair
Steve Eichacker, Treasurer
Randy Moody
Brandon Callis
Wade Shafer (EVP)
Staff: Linda Kesler

Activities & Events

Review and recommend to the Board any new Association activities and events or changes to existing programs. An Association program is defined as any event that is sponsored in whole or in part by the Association in terms of financial support, staff time and effort, or the use of the Association name. It shall include, but not be limited to, such items as sales, contests, programs, and membership in other organizations.

Tim Clark, Chairman
Chris Ivie
Doug Parke
Steve Eichacker
Victor Guerra
Joe Hensgens
Ryan Thorson
Barry Wesner
Staff: Luke Bowman

Assets & Finance

This Committee shall monitor the investment program of the Association on a periodic basis, review the income and expense reports monthly, prepare and submit to the Board of Trustees for approval an annual operating budget, and review proposed capital expenditures for approval or recommendation to the Board.

Steve Eichacker, Treasurer/Chairman
Barry Wesner
Randy Moody
Chris Ivie
Victor Guerra
Staff: Linda Kesler, Wade Shafer

Breed Improvement

All activities that would have a bearing on the improvement of the breed will be the responsibility of this Committee. Examples include: performance guidelines, research, genetic monitoring, DNA analysis, and regulations for new technology.

Brandon Callis, Chairman
Randy Moody
Loren Trauernicht
Kent Brunner
Gary Updyke
Tom Nelson
Chad Cook
Barry Wesner
Staff: Jackie Atkins

Growth & Development

Review and recommend to the Board of Trustees new programs or activities that will foster and promote the continued growth and development of the breed and the Association. Functions such as promotion, public relations, member relations, advertising, and the role of the Association within the beef industry will be addressed by this committee.

Chris Ivie, Chairman
Randy Moody
Doug Parke
Tim Clark
Loren Trauernicht
Brandon Callis
Gary Updyke
Maureen Mai
Barry Wesner
Staff: Chip Kemp

Policies & Procedures

This committee shall be responsible for the aspects of Association life that require an interpretation of policy or procedural questions or the formulation of proposals that will have a bearing on the membership of this Association.

Victor Guerra, Chairman
Steve Eichacker
Kent Brunner
Joe Hensgens
Tom Nelson
Chad Cook
Maureen Mai
Ryan Thorson
Barry Wesner
Staff: Sheldon Ross

Simbrah

The objectives of this Committee are to review policy, rules, regulations, activities, promotional methods, and materials that pertain to the Simbrah breed, and make recommendations to the ASA Board of Trustees.

Randy Moody, Chairman
Doug Parke
Brandon Callis
Victor Guerra
Joe Hensgens
Tom Nelson
Staff: Luke Bowman

Trustee Nominating

The Vice Chairman shall serve as Chairman. One Trustee from each of the four areas will be appointed to complete the Committee. A minimum of two (2) persons for each vacancy on the Board will be presented for consideration as Board nominees. The Board shall then select a nominee whose name shall be placed on the nominating ballot.

Doug Parke, Chairman
Randy Moody
Tim Clark
Maureen Mai
Victor Guerra
Staff: Linda Kesler

Mission Statement:
The mission of Maxey Valley Farms is to communicate the importance and uniqueness of our heritage to subsequent generations and provide a strong foundation that will enable them to grow, prosper, and build on that legacy.

Please contact us with inquires about our operation and cattle availability, semen sales, and pricing or to discuss this remarkable breed of beef cattle I so fondly call "Traditional" Simmentals.

Simple Marketing, Effective Results

Business Card Ads

Grab the opportunity

- Build your brand's voice.
- Reach a bigger audience.
- Get more traffic, visibility, and sales for your business.
- Keep your name in front of customers.

Bonus

- Your business card ad will be displayed alphabetically by state, making it easy for customers to find you.
- Sale dates listed on business card ads will automatically be included in Datebook.
- Business name included in the Ad Index each issue.

Sample business card pages in the Register

PERFORMANCE ADVOCATE PROGRAM

ASA Performance

If you participate in Total Herd Enrollment, you could qualify as a Performance Advocate

For over a decade, the Performance Advocate program has recognized cattle producers who remain committed to data reporting. The 2022 program marks the third year with new guidelines to identify top-notch data reporting that fuels ASA's genetic evaluation.

Focused on submitting records on at least 90% of the contemporary group, a Dedicated Performance Advocate submits records on at least 8 of the 14 traits and a Driven Performance Advocate submits records on at least 10 of the 14 traits.

Performance Advocates will be listed in the Late Fall issue of *SimTalk* for the fall 2020 and spring 2021 calf crops. These herds achieved the benchmark of being highly driven to record and report data to ensure the most accurate prediction on their herd from the genetic evaluation to make more informed selection decisions for themselves and their customers.

- Fine-tune the genetic differences in each calf crop.
- Make better selection decisions, faster.
- Submit calving and dam records.
- Be a Performance Advocate and get recognized.

Traits Reported to ASA:

- ◆ Calving ease
- ◆ Birth weight
- ◆ Weaning weight
- ◆ Yearling weight
- ◆ Yearling hip height
- ◆ Ultrasound / Carcass
- ◆ Docility scores
- ◆ Genomic test on birth group
- ◆ Feet and leg score
- ◆ Mature cow weight
- ◆ Mature cow body condition or mature cow hip height
- ◆ Cow herd genomics
- ◆ Udder score
- ◆ Feed intake data (coming soon)

Are you already in Total Herd Enrollment?

Go to simmental.org to learn more about submitting your data to qualify as a Performance Advocate. All the data for fall 2020 and spring 2021 calf crops must be in by August 1.

Linking SimGenetics to Commercial Cattle

Published four times annually with a special edition Breeder Directory, *SimTalk* is a glossy, full-color publication with a circulation of 40,000+ targeting commercial users of SimGenetics. Advertising in *SimTalk* provides a unique opportunity to brand and trademark your program to thousands of potential customers. If you are serious about communicating with the commercial beef business, consider an advertising presence in every one of our four annual issues.

ASA Publication's *SimTalk* Production Schedule Deadlines

	Sales Close	Ad Materials	Camera Ready	Mail Date

Mr. Ishee Triple Trail Blazer 018H

Mission Statement:

To produce outstanding performance Simmentals, SimAngus™, and Simbrahs that are easy calving, muscular with great maternal ability, and possess outstanding carcass characteristics that will make our customers money!

We are fourth-generation cattle producers in southern Mississippi. We started A.I.ing our cows to the very best performance Simmental bulls in the world in 1981. Our formula for success is a multi-trait approach of selecting cattle for: Calving Ease + Performance + Maternals + Carcass = \$\$\$\$.

STATE ASSOCIATIONS OPPORTUNITIES

Dr. Bert Moore

State Association Liaison
406-587-4531 • Ext. 509
bmoore@simmgene.com

Recognizing and taking advantage of important opportunities often brings important rewards.

How many times have we heard or even said the following statements? “I wish I had...” (bought that bull I was eyeing) or “If only I had...” (entered that good heifer in the show because she might have won).

Oh well, hindsight is 20-20, and we have all missed opportunities. Fortunately, we do not dwell on them, but move on more determined not to miss the next one. Think about the opportunity the founders of the Sim-

mental breed encountered when Simmentals were first introduced to North America. It is appropriately reviewed in our 50-year anniversary book, *Simmental’s American Journey*.

The entire beef cattle industry was searching for improved growth along with reduction in fat leading to improved end product composition. These goals were coupled with the obvious need for expanded objective measurement of performance traits. Their opportunity was not without obstacles because much of it represented a stark deviation in the mindset of what was “conventional knowledge” throughout the industry.

Simmental’s success story simply illustrates the positive response to an opportunity, overcoming some obstacles and again moving forward when new opportunities arise. Although opportunities of this magnitude are not often present, taking advantage of lesser ones can still lead to successes.

Increased Simmental promotion increases Simmental visibility, which in turn increases Simmental demand. State associations have the opportunity to expand the promotion of SimGenetics in their area. Recognition of the value that state associations could provide in support of the national association was identified in the infancy of the association by Don Vaniman, first secretary of ASA. He spent considerable time helping to organize and assist in the formation of state associations. Support of state associations has been a constant from the beginning.

Initiated in 1979, the **Cost Share program** offers the opportunity to fund SimGenetic promotions directed to the state and regional levels. With matching funds coming from the ASA, it offers the expansion of the promotional efforts that state associations can supply. This program goes well beyond those of other breed associations. Each state association is allocated up to \$4,000 by the ASA to be used to offset the expense of promotional activities each fiscal year. Those associations who use this entire amount are rewarded with an additional \$1,000 to be used the following fiscal year.

Funding based on registrations within a state is the basis of the **Check-Off program**. A state association, upon application, will receive 25¢ per registration recorded in that state. These associations can also

“Cost Share funds are used as a way to stretch and offset our advertising budget and promote the Simmental breed across the state of South Dakota. It allows us to advertise and promote the Simmental breed across the state and nation to other breeders and commercial producers who are current customers of Simmental genetics, along with producers who have yet to discover the benefits of Simmental genetics.”

*- Kevin Blagg, treasurer
of the South Dakota Simmental Association*

Did You Know?

- ◆ 21 State associations received Cost Share dollars.
- ◆ 5 State associations received an additional \$1,000 in Cost Share funds for 2021 for maximizing use of funds in 2020.
- ◆ 29 states applied for and received Check-Off dollars.
- ◆ 17 states received Check-Off Bonus Bucks.

receive Check-Off bonuses of up to 85¢ per registration based on a variety of additional SimGenetic promotional activities. The Check-Off monies can be used for any state association activity.

The above discussed programs offer significant opportunities for state associations to expand their influences in the promotion of SimGenetics in their region. It is important to take full advantage of these opportunities.

Cost Share funds are available for a wide variety of promotional activities and are detailed at:

www.simmental.org

Cost Share: \$4,000 Each Fiscal Year for Advertising and Promotion

Cost Share Program

Designed to reach regional markets by assisting states in the advertising and promotion of SimGenetics. The program also provides support for the promotional activities of state associations to help increase their membership as well as their market share. May be submitted throughout the fiscal year. State associations maximizing their use of Cost Share funds (\$4,000) receive an additional \$1,000 for use in advertising and promotion. **Deadline June 30.**

- ◆ Print advertising
- ◆ eBlasts
- ◆ Booths and booth space
- ◆ Web development and maintenance
- ◆ Newsletters and member directories
- ◆ *SimTalk* special mailings
- ◆ ASA representation at state events

Check-Off Program

Paid quarterly and based on animal registrations in your state. The only requirement is for your state association to send us your current list of officers. **Deadline June 30.**

- ◆ Based on animal registrations in your state — 25¢ per animal.
- ◆ Current list of officers submitted each quarter — form is available online.

Check-Off Bonus Bucks

This program steps up the amount of money each state association may collect based on the registrations in their state. If a state completed three of the seven approved items, they'll receive an additional \$0.45 per state registration; then it increases for meeting each additional approved promotional items. The amount of bonus dollars that may be collected is based on the amount of promotion and advertising a state does in a fiscal year. Find out more details on ASA's website. Each state could receive \$1.10 per registration with the standard check-off dollars (\$0.25 per registration) and completion of all seven items approved for the Check-Off program.

Check-Off Bonus Bucks are paid annually at the end of the fiscal year. **Deadline July 10.**

Approved bonus activities:

- ◆ Booth and booth space
- ◆ Field day with ASA SimSpecialist
- ◆ AJSA event
- ◆ Promotion advertising – Cost Share participation
- ◆ Website promotion (link to ASA site)
- ◆ Mailings (include promotion for ASA SimSpecialist)
- ◆ PTP show

If a state completes:

- 1 bonus criteria — 10¢ per registration
- 2 bonus criteria — 20¢ per registration
- 3 bonus criteria — 45¢ per registration
- 4 bonus criteria — 55¢ per registration
- 5 bonus criteria — 65¢ per registration
- 6 bonus criteria — 75¢ per registration
- 7 bonus criteria — 85¢ per registration

Maximum reward incentive is \$1.10 per registration within the state (base of \$0.25/per registration plus seven bonus criteria)

State Association Ad Templates

Ad templates are available to download for your use. There is no cost attached to this service. The template contains the 50% generic advertising required through the Cost Share program. They are ready to use — just place your state information in the remainder of the ad space (white area), and you are ready to go! Ads designed entirely by you may be accepted if they contain 50% generic advertising and are pre-approved.

Promotional Material Available for Use

- ◆ Brochures are available for your booth at trade shows.
- ◆ Only cost to your association is shipping.
- ◆ Order early to save money on shipping.

State Association Pull-up Display Booth

- ◆ Can be purchased with Cost Share dollars.
- ◆ Choice of several booth options.

For Sale:

Bulls are sold privately at the farm.
Bred heifers and show prospects
available private treaty.

*At Oval F Ranch, we believe in sound,
productive, big-bodied cows that can
have a calf and raise it. We use EPD
to help improve economical traits and
appreciate productive females with
eye appeal. Since 1971, we've been
serious about breeding quality Sim-
mentals with COW POWER production
in mind. We have turned 18 genera-
tions in our leading cow families using
AI and ET. WE'LL SHARE!*

*Visitors Welcome. Plan a trip to tour
the herd.*

Sale Date:
The Gathering at Shoal Creek,
April 1, 2023

Shoal Creek Land and Cattle is located in Excelsior Springs, MO, just a short drive outside of Kansas City. We are a purebred cattle operation producing Simmental, SimAngus™, and Red Angus genetics for both the registered producer as well as the commercial industry. Take some time to browse our site and if you have any questions please contact us, or better yet stop by the ranch. We have an "Open Gate" policy, visitors are always welcome. And don't forget to "Like" us on Facebook for regular updates on sale offerings and what's going on at Shoal Creek.

New this Year

Bus tours of local farms, seedstock operations, and Virginia Tech.

On **Friday, August 26**, we'll board buses at the Hotel Roanoke and embark on tours of local farms, seedstock operations, and Virginia Tech. Seats are limited, so pre-registration is required. The final event of the tour will be dinner, hosted by the Virginia Simmental Association, at Virginia Tech's Kentland Farm, with music provided by the bluegrass band New Standard (newstandardbluegrass.com).

Tour Stops

Hillwinds Farm, Dublin

Hillwinds Farm is owned by Tim and Kathy Sutphin. Hillwinds is a first-generation farm and runs 900 commercial cows and 400 stockers on approximately 1,500 acres of owned and 1,500 acres of rented land. Retained ownership has been utilized for 34 years. They have used whole-herd AI for 31 years. The cow herd is Angus and Simmental cross, and AI sires are Angus, SimAngus™, and Simmental.

McDonald Farms, Blacksburg

McDonald Farms is an eighth-generation family farm diversified livestock operation established in 1763. Over the centuries the McDonalds have maintained a variety of enterprises to keep the farm and family viable. These include raising cattle, sheep, hogs, goats, horses and mules, crops of flax, oats, wheat, sorghum, corn, and an orchard. Currently, seedstock cattle consisting of Simmental, SimAngus™, and Angus are produced. Australian Kelpies are raised to work the cattle and puppies have been sold from coast to coast.

Virginia Polytechnic Institute and State University (Virginia Tech), Blacksburg

Virginia Tech is a land grant university that was established in 1872 in Blacksburg and is home to the Virginia/Maryland School of Veterinary Medicine. Virginia Tech has a Corps of Cadets and is one of only three senior military colleges with both cadets and civilian students. The university, through the College of Agriculture and Life Sciences, maintains eleven Agricultural Research and Extension Centers across the state. The Future Farmers of Virginia began at Virginia Tech in 1925 and, in 1928, those founding members were instrumental in its conversion to the National FFA.

Virginia Tech's Kentland Farm, Blacksburg

Kentland Farm is the main research and production farm at the University. Kentland Farm has beef and dairy operations along with agronomic crops and research. In addition, there is vegetable production, which supplies the student dining halls on campus.

Educational Session and Celebration Dinner

On **Saturday, August 27**, join us at the Hotel Roanoke for a packed educational session featuring talks from both regional and nationally recognized speakers. (A detailed speaker agenda will follow on fallfocus.org and in the July/August issue of *the Register*.) In the evening, we'll share dinner and a celebration of Golden Book recipients, Lifetime Promoter awardees, and former trustees.

Interactive Town Hall Meeting

Beginning **Sunday, August 28**, at the Hotel Roanoke, join the ASA Board of Trustees to discuss critical issues in each of the five standing committees and to hear staff presentations in various areas. Board meeting continues on Monday and Tuesday.

Hotel Roanoke & Conference Center

The conference headquarters are located at the Hotel Roanoke & Conference Center with a block of rooms available for August 26–29. The special room rate (use the block code "American Simmental") will be available until August 1, or until the group block is sold out, whichever comes first. Book your reservations at the Hotel Roanoke by following the hotel link at fallfocus.org.

Travel Information

Roanoke-Blacksburg Regional Airport is conveniently located about ten minutes from the conference headquarters, and the hotel offers shuttles to and from the airport.

For further information about Roanoke and the beautiful Blue Ridge Mountains area, spend some time at visitroanokeva.com. You'll find attractions from art to history, beer tours, restaurants, spas, shopping, and a great deal more.

Bull Sale, Early March 2023,
date TBA

Settled between the Highwood and Little Belt mountains, Hill's Ranch Simmentals is proud to call central Montana home. We have been raising Simmentals since 1969 and find them to be the best type of cattle to meet our goals of providing an excellent beef product. From the beginning, Hill's Ranch has focused on calving ease, maternal, and growth traits. Now as we look into the future, the goal is to also incorporate exceptional carcass and tenderness traits. Come join us in March for our annual bull sale. Females are also available, so stop in any time to view our cattle. The coffee pot is always on.

Begger's Diamond V

Two-year-old
heifer with
a seven-
month-old
bull calf

At Begger's Diamond V Ranch the rancher comes first. Our focus is to raise homozygous black homozygous polled Simmental, SimAngus™ and Angus seedstock that calve easy and have the genetics that work for the cowmen and women who raise them. Our cattle are easy-keeping, sound, and low-maintenance, that cattle possess excellent udder quality and pigment is a high priority. We don't tolerate wild, nervous cattle and you shouldn't have to either. At Begger's Diamond V Ranch we offer over 180 high-quality breeding bulls annually that have passed our rigorous culling program. You can be confident that your purchase will be guaranteed to satisfy the most demanding cowman's needs. You bet they calve easy, weigh heavy at weaning, and they will sire outstanding replacement females that won't need pampering to survive. These cattle work in tough environments and excel in profitability (feeders and packers love them). They are more than a pretty set of EPD.

Plan to attend our 47th Annual Production Sale February 1, 2023, where over 50 long-age 18-month-old and 120 stout yearling bulls sell, every one black and polled and all ranch-raised in an environment that separates cattle that become problematic; yes they are backed by a guarantee second to none.

INTERNATIONAL GENETIC SOLUTIONS

Data is our life blood!

Genetic Evaluation Is a Team Sport

On a nearly daily basis one can witness the tug and pull in family team dynamics between individuals competing directly and the group working collaboratively. This may play out with kids directly competing with each other to put their pj's on first, or pack their lunch first, or run to the gate first. They are pushing, shoving, and only care about getting themselves to finish first. If we flip this conversation into a team sport by asking, "How fast can we all be ready for bed?", this instantly changes the dynamics. Instead of elbowing each other out of the way, when the family is the team, the older kids help the younger ones get toothpaste on their toothbrushes, find clean pj's, comb hair, and have a spirit of camaraderie and working together toward a common good instead of winning at the expense of others. Not only is there less fighting in the family with a team goal, but everyone finishes faster as kids aren't wasting time fighting over silly things like who touched the toothpaste first.

This same phenomenon plays out in breed association politics as well. If a breed association's mentality is to make that association number one, they will start elbowing, pushing, and shoving to "win." When the common good is to provide tools for the commercial cattle industry, this completely changes the dynamics. Now the breed associations can collaborate and work together toward helping the commercial cattle industry have the most accurate tools at their disposal.

We are so fortunate to work with a collective of team-oriented breed associations through International Genetic Solutions (IGS). It is invigorating to connect with the staff of the various breed associations to join forces and problem solve together. This summer we worked on a project that highlighted these benefits. We had one-on-one meetings with each association in IGS and went through the individual data entering the genetic evaluation. It was a great opportunity to see how each association is adding to the IGS evaluation and also how each association is benefiting from the IGS collective.

The Power of Collaboration

The total data in the IGS genetic evaluation dwarfs any singular database contribution. By pooling the information into one genetic evaluation, all associations gain better genetic predictions than any could do alone.

As of June of 2021, the ASA had 12,979 bulls in the ASA database who also have progeny in another breed registry in the IGS collective. If the ASA were in a genetic evaluation all by ourselves, we would have close to 2.3 million progeny from these ~13,000 bulls, which is a healthy amount of data. But, by having one joint genetic evaluation, we add over 2 million more progeny to these 13,000 bulls, bringing the total to just over 4.3 million progeny records. This of course adds quite a bit of data to the 13,000 bulls, but also all of their relatives benefit from the additional progeny records.

We pulled similar numbers for each organization in IGS and saw the same pattern across all the breed associations using the IGS genetic evaluation. Some breed associations saw an increase of nearly 14 times the amount of data through the collaborative efforts of IGS than if they had their own separate evaluation. IGS clearly shows the benefits of working as a team toward the most accurate genetic predictions rather than attempting genetic predictions alone. Genetic evaluation is a team sport!

- ◆ 76,905 Registrations issued in the last year
- ◆ 11,695 Bull transfers processed in the last year
- ◆ 8,388 Active adult and junior members

IGS Feeder Profit Calculator™ (FPC)

The marketing of feeder calves is all too often a business of confusion, heavy-handed tactics, and evading facts. The IGS Feeder Profit Calculator (FPC) was built specifically to counter this approach and help data-hungry sellers and buyers gain clarity with which to make serious decisions. Since its inception in 2017, the FPC has allowed hundreds of producers, both large and small, to receive a third-party opinion regarding the profit potential of their calf crop. Gone are the opinion-based, empty slogans about how good the calves will feed or that they've had all their shots. In place of those

shallow statements, producers now hold facts in their hands (or digitally on the computer or phone) that speak to how their calves stack up against the industry at large for genetics, health, and management. Buyers are equally empowered. This beneficial approach is good for all parties involved and begets long-term relationships that are fruitful for buyer and seller alike.

Serious seedstock providers should be encouraging their commercial clients to investigate how the FPC can help them gain more insight about their efforts and to market more effectively. Also, those same seedstock operators need to strongly encourage local sale barns, country buyers, and online marketers to study and highlight the FPC results of their bull customers.

"The IGS Feeder Profit Calculator helps buyers reduce risk. I like to think of it as the CARFAX for cattle. It allows buyers to look under the hood — not just understand the relative value — but to see the vaccination, weaning, and deworming history. It really allows buyers to look under the hood and buy with confidence."
- Phil Durst

Sale Date:
J&C Bull Sale
January 28, 2023

At J&C Simmentals we believe quality and performance are more important than percentage. We offer quality bulls from purebred to 1/4 blood for both the registered producer as well as the commercial cowman. We guarantee our bulls and feel confident you will find something in the offering that will fit your needs. Our females are fancy, high-performance females that will fit any operation. Stop by anytime and we'll be happy to discuss cattle and the cattle industry with you.

Sale Date:

Annual Bull Sale –
February 17, 2023, Creighton, NE

Sandy Acres Simmental is one of Nebraska's premier Simmental operations. Celebrating 50 years of breeding Simmentals with calving ease and growth with maternal excellence. The cow herd is primarily purebred polled Simmental, red and black, with some F1 Simmental-Angus calves and a few full Fleckvieh cows. With high-demand sires King Pin, Zero Gravity, and Deep Rock, the Sandy Acres Simmental herd has some of the most in-demand bulls sold in the Plains region.

BEST PRACTICES FOR SEEDSTOCK PRODUCERS

Best Practices to Receive the Most Accurate Genetic Predictions

1 Clearly define breeding objectives

With the ability to increase the rate of genetic change comes the possibility to make mistakes at a faster pace. Breeding goals need to be clearly identified to ensure that selection at the nucleus level matches the profit-oriented needs of the commercial industry.

2 Use whole herd reporting

Inventory-based reporting captures more complete phenotypes on reproduction and longevity traits, and thus creates more accurate genetic selection tools.

3 Properly define contemporary groups

It is important for the precision of the genetic evaluation to group animals treated uniformly. Proper reporting of contemporary groups reduces bias in EPD.

4 Take data collection and reporting seriously

Phenotypes are the fuel that drives the genetic evaluation. Take pride in collecting accurate data. Report records on the complete contemporary group in order to paint the most accurate picture of the genetics in these cattle. If possible, collect additional phenotypes like mature cow weight, cow body condition score, udder scores, feed intake, and carcass data.

5 Make both thorough and accurate phenotypic data collection for economically relevant traits a high priority

The quantity and quality of fertility traits need to dramatically improve. Providing disposal codes to identify why females leave the herd is vital. Commercial data resources, where the true economically relevant traits exist, are going to become more critical to capture. Breeders can help prove the genetics of their own seedstock by encouraging their commercial customers to join ASA's Commercial Total Herd Enrollment (THE) option and add valuable data to the evaluation.

6 Use index-based selection

As the list of published EPD continues to grow, using economic selection indices will become even more helpful to reduce the complexity of multiple trait selection.

If the number of EPD increase, tools to reduce the complexity of sire selection for commercial producers must continue to develop. Breed associations and seedstock producers have the obligation to aid commercial clientele in making profitable bull selection decisions.

Jackie Atkins, PhD

Matt Spangler, PhD

Bob Weber, PhD

Wade Shafer, PhD

7 Use genomics

Genomic selection offers an opportunity to increase the rate of genetic change and break the antagonistic relationship between generation interval (the average age of the parents when the next generation is born) and the accuracy of selection (e.g., accuracy of EPD) — two components that determine the rate of genetic change. However, as with any tool, genomic information must be used correctly and to its fullest extent.

Adding a DNA test to your decision is like knowing . . .

- ◆ 25+ calving ease scores
- ◆ 22 birth weights
- ◆ 25+ weaning weights
- ◆ 25+ yearling weights
- ◆ Stayability/productivity records on 15 daughters
- ◆ 6 carcass weights
- ◆ 10 marbling scores
- ◆ 8 ribeye area measurements

All this from a test you can complete before you wean the calf.

Best Practices for Genomic Testing

1 All animals within a contemporary group should be genotyped.

If genomic data are meant to truly enable selection decisions, this information must be collected on animals before selection decisions are made. The return on investment of this technology is substantially reduced if it is used after the decision is made. The ASA's Calf Crop Genomics (CCG) program offers 50% off GGP100K test for breeders who commit to genotype the entire calf crop. See sidebar for more details.

2 Both male and female animals should be genotyped.

The promise of genomic selection has always suggested the largest impact is for lowly heritable and/or sex limited (e.g., fertility) traits or those that are not routinely collected (e.g., disease). This is indeed true, but it necessitates that genotyped animals have phenotypes. For sex-limited traits, this becomes a critical choke point, given that historically the vast majority of genotyped cattle are males. If producers wish to have genomic-enhanced EPD for traits such as calving ease maternal and heifer pregnancy, they must begin or continue to genotype females. The ASA has a unique program called the Cow Herd DNA Roundup (CHR) to help herds collect female genotypes. See sidebar for more details.

3 Genotypes can provide useful information in addition to predictions of additive genetic merit.

Do not forget the value in correcting parentage errors, tracking inbreeding levels, identifying unfavorable haplotypes, estimating breed composition, and estimating retained heterozygosity. All of these can be garnered from populations that have a well-defined set of genotyping protocols.

The beef industry should be congratulated for the rapid adoption of genomic technology, but there is a lot of work to do. Of critical importance is the fact that genomic technology will continue to change and does not replace the need for phenotypes nor the fundamental understanding of traditional selection principles including EPD and accuracy.

Total Herd Enrollment (THE)

A cow inventory reporting program, THE requires participants to provide annual reproductive and inventory status on their cow herd. THE is designed to improve quality of data submitted for the genetic evaluation, and in turn improve and develop reproductive EPD. By submitting data on the entire calf crop or contemporary group, breeders will receive more accurate predictions of their cattle. The ASA has four THE options to fit most seedstock and commercial operations.

Cow Herd DNA Roundup (CHR)

The Cow Herd DNA Roundup (CHR) is designed to increase the number of female genotypes to better predict maternal traits, such as maternal calving ease. Genotyping entire herds reduces bias created when only the best cattle are genotyped. Gathering massive amounts of genotypes on entire cow herds will significantly improve the genomic predictions and rate of genetic progress. As parentage testing is included, CHR herds will have pedigrees validated through DNA. Participating breeders benefit from having genomically enhanced EPD on the entire cow herd — equivalent to a lifetime number of calf records in several traits for an exceptionally low cost.

Calf Crop Genomics (CCG)

Calf Crop Genomics, a research project launched by the ASA in collaboration with Neogen Genomics, offers 50% off GGP100K genomic test including parentage (\$25 compared to \$50 equivalent test) to participating breeders who test their entire calf crop. Genotyping entire calf crops is important to use genomically enhanced EPD (GE-EPD) for selection decisions, reduce selection bias in genomic predictions, and increase the volume of genotyped animals for future improvements to genetic predictions. The latter two points make any singular genomic test in the future better for all members using genomics.

Carcass Expansion Project (CXP)

Despite the importance of carcass traits to our industry, few producers devote resources to collecting and recording actual carcass data. While the Carcass Merit Program (CMP) is a valuable progeny test, it is limited in the number of records produced. We cannot depend on the CMP alone to bring in carcass data. In the age of genomics, it is clear we need genotypes on animals with actual carcass phenotypes.

Adding another layer of commitment to predicting carcass traits, the ASA initiated a new program, called the Carcass Expansion Project, in the fall of 2018 to increase the number of carcass records on genotyped animals. The ASA is ramping up both phenotypic and genotypic data collection on terminal calves — a vital part of our vision.

Sale Date:

Watch for our consignments to the Stars and Stripes Sale the first Saturday of May, Hummelstown, PA.

**Simme Valley Fre-Anna
by W/C Excutive Order
Simme Valley Jillii-Anna
by Mr CCF 20-20**

Supreme C/C of NY Supreme Show
Seven-time Supreme winner
with Jillii-Anna winning NYSF
Grand Champion Heifer

*Producing stylish, predictable Simmental
Cattle that perform in and out of the
show ring. Show cattle and breeding
stock for sale at all times. Bull calves
and show steers available through
the summer. We strive for Satisfied
Customers. Our cattle work for us and
their new owners, performing on grass
in the summer and hay in the winter.*

Visitors Always Welcome

Annual Sale: Bull and female production sale 4th Wednesday in February. Open heifers, semen, embryos, flushes, and donor prospects available at all times by private treaty.
Our family is passionate about breeding Simmental cattle that are on the forefront of genetic progress. Tremendous selection pressure is placed upon foot and udder quality, along with calving ease, performance, and carcass traits. Our herdsires and donor dams are some of the most well known and heavily used genetics in the upper Midwest. Please feel free to stop in at any time to view the cow herd or call and talk "Simmental."

Sale Date: 26th Annual Bull Sale
February 10, 2023, Rugby, ND

Bata Brothers Simmentals is a family-run operation in NE North Dakota that consists of Joe and his sons Mark and Chris. Together we maintain an entirely purebred Simmental herd of both red and black cows. Our focus is on producing high-performance, growth-oriented cattle that will add pounds and increase profitability for our customers. Our 26th annual bull sale will be held in Rugby, ND, with sale partner Travis Bell. We sell powerful breed-leading bulls and a select group of bred heifers annually. Feel free to contact us any time.

Sale Date:
Putting the Puzzle Together Annual
Production Sale, Napoleon, ND
April 28, 2023

We are a purebred and commercial Simmental operation located just off of Highway 3 between Dawson and Napoleon, North Dakota. We are a commercial producer as well as having a purebred herd. It keeps us in touch with what you need to be profitable now and in the future. We wean the bulls in early October and then start them on a total mixed ration. We strive to bring you a bull that gives you the most bang for your buck. Pounds pay, and we bring a set of bulls year after year that will increase weaning weights and produce the kind of females that will do the same.

Bull and Female Sale
January 27, 2023

Terry Ellingson and father, Trueman, began Ellingson Simmentals in 1990 with the purchase of foundation females from Kenner Simmentals of Leeds and Marvin Ritz of Almont. Through use of embryo transfer and artificial insemination, the herd has grown to 150 brood cows of both black and red color. The goal has always been to produce high-performance cattle with calving ease, high carcass traits, and functional females. Sires that have had national impact on the breed include Black Perfector, Olie, Ideal, Klondike, and Dominator. Our farm is located in northeastern North Dakota between Grand Forks and Devils Lake, just ten miles north of Highway 2. Please stop by whenever you would like to inspect our breed-improving genetics!

Your commercial bull headquarters,
along with breed-leading herdsires! All backed by the TNT 100% guarantee! No creep feed! We invite everyone to come to the ranch to view the cattle and see the way we manage our herd. We are very proud of our cattle, and feel you will be proud of "The Explosive Difference" they will make for you. We truly have a passion for this business, and love breeding cattle and the never-ending pursuit to try to make them better. One of our greatest blessings over the past 38 years is the wonderful people we have met, and the dear friends we have made in this business.

North Dakota Simmental Association

Classic sale

Second Saturday in December at Kist Livestock, Mandan, ND

Triple H Simmentals is a family-run operation along the Bald Hill Creek and the Sheyenne River Valley of east central North Dakota. We raise performance driven Simmental and SimAngus™ cattle that are sound in structure and udder quality with attention to docility. We have used AI and embryo transfer for the past 34 years to utilize the top genetics in the industry. We strive to produce the top genetics for the commercial cattleman's bottom line.

Visitors are welcome anytime.

THE SCIENCE OF GENETIC IMPROVEMENT is at the core of ASA's very existence.

Simmental has always been known for its ability to enhance red meat yield in terminal cattle. However, the last 25 years has seen a fundamental change in the Simmental population. Breeders moved the population in a remarkably short period of time to one of more industry relevance and connectivity. How far has Simmental come?

Superior Livestock Auctions, the largest single marketer of US feeder calves, saw that SimAngus-sired calves brought more dollars per head than any other calves in 2020. The Tri-County Steer Futurity in Iowa, a nationally respected carcass futurity, shows that packers paid more for Simmental- and SimAngus-sired carcasses than any other breed type. Up to \$34/carcass more. Our genetic evaluation proves these things as well, but the recognition by industry dollars is a huge validation of the power of SimGenetics.

In addition, our data, along with data from the USDA Meat Animal Research Center and the American Angus Association, show that Simmental-influenced females are now significantly smaller and more moderate than their purebred Angus counterparts. This is not an observation of "good" or "bad," but rather an observation that the commercial sector needs multiple genetic sources that can help build a low-maintenance, profitable cow herd while continuing to answer the industry's demand for terminal merit.

"A large percentage of the cattle we feed have Simmental influence. Simmental has what a lot of cows need: more carcass weight, more live weight, more ribeye area, and still keeps the marbling intact."

- Tom Williams, Chappell Feedlot

Simmental cows set the bar for fertility, weaning weights, and exceptional calving ease suited to a variety of environments. Simmental cows are adaptable, built to last in heat, fescue, or high altitudes.

Maternal Trait Genetic Trends

Purebred Simmental in past 20 years

Simmental genetics bring calving ease, early growth, and cow longevity while keeping feed costs at a minimum.

Breed	Mature Cow Wt.
Hereford	1,419
Angus	1,410
Red Angus	1,409
Simmental	1,404

Source: USDA MARC

\$All Purpose Index (\$API)

Predicts cow herd profitability using valuable traits like cow longevity (STAY) and calving ease while keeping pressure on terminal traits.

Compare the profit potential of two Simmental bulls using \$API

- 1 Bull A's \$API = \$120 and Bull B's \$API = \$180
- 2 Breeding 25 females/year
- 3 Used for 5 years

Bull	1 \$API		2 # Females per year		3 # years using the bull		Profit Potential	
A	\$120	X	25	X	5	=	\$15,000	
B	\$180	X	25	X	5	=	\$22,500	
Difference							=	\$7,500

Just like an EPD, compare two bulls to see the expected difference in profit. Bull B is likely to result in direct revenue and expense savings of an additional \$7,500 over the course of five years. Plug in your numbers for 1, 2, and 3 to compare your potential earnings.

ASA benefits from several partnerships with research institutions, including:

- ◆ Colorado State University
- ◆ Cornell University
- ◆ Iowa State University
- ◆ Kansas State University
- ◆ Montana State University
- ◆ National Beef Cattle Education Consortium
- ◆ Oklahoma State University
- ◆ University of Idaho
- ◆ University of Illinois
- ◆ University of Missouri
- ◆ University of Nebraska
- ◆ University of Tennessee
- ◆ University of Vermont
- ◆ USDA Fort Keogh
- ◆ USDA Meat Animal Research Center (MARC)

“To see premium value at a good cost of gain, animal genetics need to have potential for both muscle and marbling. Simmental and Simmental-crossed cattle really fit the bill.”
 - Tracy Brunner, Cow Camp Feedyard

Simmental calves reliably perform in the feedyard, with better growth, better structure, and fewer health problems. Simmental cattle add pounds without sacrificing marbling.

Terminal Trait Genetic Trends

Purebred Simmental in past 20 years

\$Terminal Index (\$TI)

Predicts profitability when all calves are harvested.

Trait	Simmental rank compared to other Continental breeds
Marbling	First
Carcass Weight	Second
Back Fat	Second
Post Weaning Gain	First

Source: USDA MARC

Simmental cattle bring marbling and growth without too much fat. Simmental genetics perfectly complement British strengths and weaknesses for an ideal carcass.

By keeping the profitability of the **commercial cattle industry** at the heart of Simmental genetic tools, ASA members have built profitable cattle for both maternal and terminal beef cattle needs.

Fort Worth Stock Show

January 2023

www.fwssr.com

The American Simmental Association

is proud to sanction high-quality purebred, percentage, and Simbrah Progress Through Performance (PTP) shows throughout the country. The PTP program is designed to promote multi-level progress within the SimGenetics industry. PTP shows effectively combine the assessment of statistical data, such as EPD and actual measurements, with traditional phenotype evaluation.

PTP Judges

PTP approved judges have been deemed as respectable and knowledgeable cattle evaluators by the ASA Board of Trustees Activities & Events (A&E) Committee. View the PTP approved judges list at: www.simmental.org.

American Simmental-Simbrah Foundation

Building on our pillars of success.

"The Foundation Board is made up of individuals who are passionate about supporting both the youth and adult membership of the Simmental breed. It is rewarding to work with this dedicated group to raise funds that continue to support the American Simmental-Simbrah Foundation and its vision of serving youth, education, and research."

- Mia Bayer, Youth and Foundation Coordinator

Feed Intake Project
Walton-Berry Graduate Support Grant
Sally Buxkemper Memorial – Genetic Evaluation DNA Testing

Research & Technology

National Classic Support

Merit Awards –
11 Silver Merit awards and five Gold Merit awards given out each year to AJSA junior members to help them continue their college education.

Regional Classics – Eastern, Western, South Central and North Central

AJSA Leadership Development

Youth

Steer Profitability Competition
Fall Focus Symposium

Education

Will go toward the programs with the greatest need.

General

You may designate to any of the Four Pillars

ASF Mission Statement:

The purpose of the Foundation is to encourage, by public or private contribution, support of worthwhile educational and charitable projects that are of interest and benefit to devotees of the American Simmental Association. Further, to receive, maintain, use, and apply donated funds for such purposes; and to implement such educational and charitable projects.

Vision Statement:

Serving youth, education, and research for today and future development of the American Simmental Association, the beef industry, and ASA's membership.

Foundation Board Members

Scott Cowger, Chairperson 816-304-0371
Greg Burden 405-780-0372
Cathy Eichacker 605-421-1138
Holli Hatmaker 859-707-5248
Brandi Karisch 225-717-3324
Bill McDonald 817-894-0563
Bob Mullion 714-922-8764

Jennifer Tarr 309-824-9517

ASA Support Staff:

Mia Bayer, Linda Kesler, Wade Shafer

asf@simmgene.com • simmental.org/foundation

Together as one team, our breed will flourish.

Research & Technology

Feed Intake Project

- ◆ Collects individual feed intake data on calves of known sire groups to improve our ability to predict feed intake and thus improve our ability to predict differences in profit.

Walton-Berry Graduate Student Support Grant

- ◆ Supports graduate education with an emphasis on genetic improvements of livestock.

Sally Buxkemper Research Fund

- ◆ Keeping with her long affiliation and devotion to SimGenetics and research, the Sarah “Sally” Buxkemper Fund supports the research arm of the American Simmental-Simbrah Foundation.

Youth

AJSA National Classic

- ◆ The largest, most prestigious annual SimGenetic youth livestock event hosted by rotating state associations.

AJSA Regional Classics

- ◆ Hosted each June in four regions: Eastern, Western, South Central, and North Central.
- ◆ Allows juniors to attend a Classic closer to home and have a warm-up before the National Classic.

AJSA Leadership Development

- ◆ Summit Conference.
- ◆ Young Canadian Exchange Project — Two AJSA trustees attend and learn about international agriculture.
- ◆ Youth Beef Industry Congress (YBIC).

Youth Merit Awards

- ◆ Awards — Bronze, Silver, and Gold.
- ◆ Over \$25,000 in scholarships to 16 AJSA members awarded annually.
- ◆ Helps AJSA members continue their college education.

Gold Merit Award Winners

Silver Merit Award Winners

Foundation Fundraising

Funds are raised for the Foundation at a number of national events through the auction of donated items and the annual sale of the Foundation Female.

- ◆ The Foundation Female was sold in Oklahoma City at the Bricktown National Simmental sale, garnering \$67,000. To date, \$569,600 has been raised.

- ◆ \$9,600 – Bricktown National Simmental Sale, Oklahoma City
- ◆ \$19,500 – National Western Stock Show, Denver
- ◆ \$6,600 – Cowtown Classic, Fort Worth

Education

Fall Focus Symposium

- ◆ Held each fall with keynote speakers on livestock genetics, animal breeding, and worldwide beef cattle topics.
- ◆ 2022 Fall Focus is in Roanoke, Virginia, August 26–30.

Steer Profitability Competition

- ◆ Provide AJSA members exposure to the opportunities and challenges associated with cattle feeding.

Thank You

Thank you to all contributors and donors for your past and future support to further enhance our Foundation.

If you have an interest in fundraising or donating to any of these pillars, contact one of the listed Foundation Board Members.

- ◆ The Foundation is a 501 (c)(3) corporation.
- ◆ Visit simmental.org/foundation to learn more about the ASF.

Sponsorship Packages ASA Fall Focus 2022

August 26 - 30
Roanoke, VA

Contributions
may be made to the
American Simmental-Simbrah
Foundation designated
to the Fall Focus.

For more information about
sponsoring Fall Focus,
please contact Bill McDonald
at 540.230.6225 or by email at
mcdonaldfarms.bulls@gmail.com

Become a sponsor of ASA's Fall Focus 2022
and enjoy the following:

Bronze (Under \$500):

- Name listed in Fall Focus program (*must commit by June 10*).
- Name included on sponsor poster.
- Name on fallfocus.org.
- Group photo at the event.

Silver (\$500-\$999):

In addition to the above perks, donors will also receive the following:

- Banner ad on fallfocus.org.
- Your business brochure included in the registration packets (*Design and printing fees will apply*).
- Designed poster — 20 x 30 inches.
- eNews recognition.
- Tabletop space by registration desk for business promotion.
- Slide show promotion during breaks.

Gold (\$1,000-\$3,499):

In addition to the above perks, donors will also receive the following:

- An article about the donors in *the Register* and online.

Platinum (\$3,500 and above):

In addition to the above perks, donors will also receive:

- Ten minutes to address attendees.

Sale date:

Annual Production Sale
 February 2023

Hart Simmentals is located in beautiful Frederick, and is a fourth-generation performance-driven purebred Simmental seedstock operation. Hart Simmentals focuses on exceptional maternal traits, stemming from over 50 years of scrutinizing superior matings that possess the most elite genetics in the industry, while meeting the increasing demands of excellence that is sought out yearly by seedstock producers and the ever-widening commercial cattle industry! Our family has a passion and a true love of breeding the finest quality genetics and have a never-ending pursuit to make great cattle greater. Stop out to the farm anytime for a tour and a visit! And don't forget to visit with Justin about our new semen line-up and your semen needs.

ASA PUBLICATION, INC.

The official publisher for the
American Simmental Association

Linking Simmental Genetics to the Beef Business!

Back in 1987, when the American Simmental Association decided to bring its official magazine in-house, the staff was given a mission: "to provide communication, education, and information" to the membership.

First, under the banner of *the Register*, and later when *SimTalk* and for a time, *American Simbrah*, were added under the larger umbrella of ASA Publication, Inc., the editorial and advertising staff has adhered rigidly to the original mission.

Today, numerous other responsibilities have been added, including an Annual Report, a Breeder's Directory, *Sire Source*, sale catalogs, press releases, and web marketing, among many others.

Communication

◆ ASA's magazines, *the Register* and *SimTalk*, provide an outlet for members to stay up-to-date on industry events, fellow breeders' sales, and state association events, while also allowing members the opportunity to communicate their events.

Education

◆ ASA taps into the rich knowledge of the staff by creating educational articles and gives members access to additional educational resources through a variety of platforms ranging from print to social media.

Information

◆ Keeping abreast of industry news, the state of SimGenetics in the marketplace, and having a source for accurate information is important for producers. ASA Publication is committed to providing up-to-date industry news and information.

An Effective Outlet for Advertisers

With the increasing demand for SimGenetics, now is the perfect time to create a specific marketing plan to access the growing number of breeders and potential customers. ASA Publication, Inc., has all of the resources to help you create an effective marketing strategy.

Advertising with ASA provides added value beyond the ad. Your sale date will be published in *the Register* and *SimTalk* Datebooks, and sale reports with averages, high-sellers, and up to four photos printed in *the Register*.

the Register

Serving as ASA's official publication, *the Register* has a circulation of 8,000 and focuses primarily on the active membership. Mailed nine times annually, *the Register* provides a direct and consistent line of communication to the ASA membership.

SimTalk

Published four times annually, *SimTalk* has a circulation of over 40,000. With a focus on the Simmental breed's role in the commercial industry, each issue of *SimTalk* finds its way to commercial cow-calf producers, feedlots, and much more.

ASA Membership Directory

Increase your brand recognition and introduce your program to thousands by advertising in the ASA Membership Directory, mailed annually in June. Breeders reference this publication year-round and new buyers use it to get into the Simmental business. Thousands more are handed out each year to your potential customers at trade shows and Simmental events.

Date Book

Listing of sales by month. Printed in each issue of *the Register* and *SimTalk*. No charge, no requirements.

Mailing Lists

Whether you are mailing a sale catalog or one of our specially designed promotional products, we can help you obtain a custom mailing list that specifically targets your ideal demographic.

Sales Call

If you have recently advertised in *the Register* or *SimTalk*, you are automatically included in Sales Call prior to your sale. Broadcast to over 7,200 subscribers, Sales Call announces the date of your sale, and provides a link to your catalog or website.

Affordable Full-Color Catalogs

With direct access to ASA's database, our design team can provide quick and efficient catalog services. Contact Nancy Chesterfield for a free quote.

Web Marketing

eBlast — Get the word out about your upcoming event by emailing over 6,000 ASA members and subscribers. This is ASA's most popular form of web promotion and is an affordable, effective option.

Banner ad — Place your ad on the homepage of Simmental.org, Sales Call, in our phone app (SimmApp), or in weekly editions of ASA's eNews.

Additional Services

Our experienced design staff can assist you in developing any form of creative promotion. Products we can produce include:

- ◆ State directories
- ◆ Flyers
- ◆ Postcards
- ◆ Logos
- ◆ Business cards
- ◆ Printed catalogs
- ◆ eBlast ads
- ◆ Website development and hosting
- ◆ Brochures
- ◆ Photo retouching
- ◆ Booths
- ◆ Downloadable PDFs
- ◆ Banners
- ◆ Posters
- ◆ Online catalog flipbooks

Transfer Services

We provide a simple spreadsheet that contains all of the sale lots. Following the sale, return the completed spreadsheet to ASA — all we need is a record of the buyer number(s) on each lot and a list of your buyers. We'll handle it from there, matching buyer information to ASA memberships and completing the transfers.

Sire Source

A directory mailed each spring to every ASA member, targeting potential clients at the height of the semen sales season. Thousands more are handed out at trade shows and industry events, and carried by ASA SimSpecialists throughout the year. We also offer the opportunity to promote additional sires in the online version of *Sire Source* anytime during the next year. Promoting your bull in the online version opens huge marketing avenues for you.

Here's what you get:

- ◆ Instant access through online *Sire Source* catalog.
- ◆ Print version.
- ◆ Discount on a full- or half-page ad in *the Register* or the *SimTalk* anytime during the online post.

Let's try the Truth.

Instead of the typical
Beef on Holstein sales pitch.

SimAngus™ bulls are the most ideal complement to a Holstein female to generate a high profit terminal beef calf. Get the facts at holsteinusa.com/holsim/

Anytime you sell a Beef x Holstein calf prior to harvest the buyer is going to pay you less. Period.

The answer?

Use the same thorough genetic selection process you use throughout the rest of your business. Quit letting salesmen pawn off their leftovers on you. Then, retain ownership on those cattle all the way through the feedyard. Maximize your return and diversify your business.

This is the truth. The world has seen enough hype. It's Simple. SimAngus™.

Sale Date:

Private Treaty Bull Sale each spring.
Catalog will be posted to our website,
or contact us to be sent by mail.
Semen always for sale.

S/M Fleckvieh Cattle is a select program of Fullblood Fleckvieh Simmental cattle. After four decades of selective breeding and rigorous selection, most of our herd is now polled. The majority of bulls we offer are polled Fullblood Fleckvieh bulls – with all the quality, soundness and power bred in that we have come to expect from Fullblood Fleckvieh cattle.

ASA SIMSPECIALISTS

ASA is fortunate to have a team of beef industry professionals, with a wide variety of experience, available to represent the Simmental breed. The SimSpecialists team covers the US attending sales, presenting at educational events, and serving as a resource for seedstock and commercial breeders alike.

To the right is a full listing of available SimSpecialists, and the general areas they cover.

For more information on scheduling, please contact asapromotion@simmgene.com.

"Our model is special and innovative. Rather than recruiting fresh-out-of-college kids ready to hit the road shaking hands and learning the ways of the seedstock and commercial industries, we have folks who are literally celebrities in the beef cattle business. These men and women are well known and well respected in their given territories already."

- Luke Bowman, director of SimGenetic Development

Name	Region	Home Town
Gary Burns	Southeastern US	Pendleton, SC
Russ Danielson	ND, SD & MN	Fargo, ND
Brian DeFreese	Northeastern US	West Lafayette, IN
Michael Dikeman	KS & MO	Manhattan, KS
Ashby Green	Southeastern US	High Springs, FL
Bert Moore	IA	Indianola, IA
John Paterson	Northwestern US	Bozeman, MT
Susan Russell	CO & NE	Sugar City, CO
Ben Spitzer	South Central US	Fort Worth, TX
Perry Thomas	ND	Bismarck, ND
Jack Whittier	NE	Scottsbluff, NE
Bill Zimmerman	MN	St. Cloud, MN

Members of the SimSpecialists team traveled to Bozeman in 2021 to learn about ASA programs and projects.

Deadline August 1

This life is not virtual.

Join today and live real life with us.

- Two opportunities to market cattle through TSSA-sanctioned sales each year: TN Beef Agribition in March & TN Fall Showcase Sale in October.
- Annual Membership Meeting in March with opportunities for leadership & involvement.
- State Field Days, Junior Shows, and other organized events provide opportunities for networking and making friends.
- Active junior association is second to none!

RUNNING SPRINGS CATTLE COMPANY 1:00 P.M. CST

Nolensville, TN only minutes away From Nashville

"Fortune Cookie" asa 2805804
Bold Future x M A F Right Time 715

Offering a rare opportunity in this polled, black baldy donor sired by the immortal Bold Future. She sells in her entirety!

MF Vanilla Bean asa 2488095
Traveler 2T22 x MSR Logo

One of the building blocks of our entire operation and a crowd favorite of every visitor to Martin Farms, Vanilla Bean is now a successful donor for Jaron VanBeek's respected Hilltop Simmentals in SD. Her progeny rank among our herd favorites, and they represent the cornerstone cow family in our homozygous black and polled breeding program, Burtner "Virginia" XN9. Don't miss the influence of this great cow family, including perhaps Vanilla Bean's best daughter!

HA Justice 30J asa 3918028
Hook's Galileo x Hooks Shear Force

Justice is the 2022 Bred For Balance high-selling bull with an API of \$202, ranking 10th overall in the entire database of purebred bulls. His first service will sell September 24th!

TOM BROTHERS RANCH

Texas' largest source for black SimGenetics.

We strive to do the next right thing, day in and day out and that's how we have successfully operated this ranch for six generations.

We embrace technology, adhere to accurate collection and reporting of data and select our cattle to thrive in our environmental conditions. We have always maintained strong land stewardship practices. We do all this to make our product the best it can be and to position our customers for success.

Visit us on the web or come see us in South Texas. We'd love to show you how we do things and the cattle we raise.

December 3rd, Opening Day of Our Annual Private Treaty Bull Sale

Your Source for Everything Simmental

the Register

Serving as ASA's official publication, *the Register* has a circulation of 7,500 and focuses primarily on the active membership. Mailed nine times annually, *the Register* provides a direct and consistent line of communication to the ASA membership in a glossy, full-color format.

Circulation — 7,500 +

Sire Source

A directory mailed each spring to every ASA member, targeting potential clients at the height of the semen sales season. Thousands more are handed out at trade shows and industry events, and carried by ASA SimSpecialists throughout the year. We also offer the opportunity to promote additional sires in the online version of Sire Source anytime during the next year. Promoting your bull in the online version opens huge marketing avenues for you.

Circulation — 9,500 +

SimTalk

SimTalk, a glossy, full-color publication, is published four times annually, and has a circulation of over 40,000. With a focus on the Simmental breed's role in the commercial industry, each issue of *SimTalk* finds its way to commercial cow-calf producers, feedlots, and much more.

Circulation — 40,000 +

ASA Membership Directory

Increase your brand recognition and introduce your program to thousands by advertising in the ASA Membership Directory, mailed annually in June. Breeders reference this publication year-round and new buyers use it to get into the Simmental business. Thousands more are handed out each year to your potential customers at trade shows and Simmental events.

Here's what you get

- ◆ Instant access through online *Sire Source* catalog.
- ◆ Print version.
- ◆ Discount on a full- or half-page ad in *the Register* or the *SimTalk* any time during the online post.

The Official Publisher for the American Simmental Association

Linking Simmental Genetics to the Beef Business!

Back in 1987, when the American Simmental Association decided to bring its official magazine in-house, the staff was given a mission: "to provide communication, education, and information" to the membership.

First, under the banner of *the Register*, and later when *SimTalk*, and, for a time, *American Simbrah*, were added under the larger umbrella of ASA Publication, Inc., the editorial and advertising staff has upheld the original mission.

Today, numerous other responsibilities have been added, including an Annual Report, a Breeder's Directory, *Sire Source*, sale catalogs, press releases, and web marketing, among many others.

Communication

◆ ASA's magazines, *the Register* and *SimTalk*, keep members up-to-date on industry events, fellow breeders' sales, and state association events, while also allowing members the opportunity to communicate their events.

Education

◆ ASA taps into the rich knowledge of the staff by creating educational articles, and gives members access to additional educational resources through a variety of platforms ranging from print to social media.

Information

◆ Keeping abreast of industry news, the state of SimGenetics in the marketplace, and having a source for accurate information is important for producers. ASA Publication, Inc., is committed to providing up-to-date industry news and information.

An Effective Outlet for Advertisers

With the increasing demand for SimGenetics, now is the perfect time to create a specific marketing plan to access the growing number of breeders and potential customers. ASA Publication, Inc., has all of the resources to help you create an effective marketing strategy.

Advertising with ASA provides added value beyond the ad. Your sale date will be published in *the Register* and *SimTalk* Date Books; on simmental.org; and sales reports with averages, high-sellers, and up to four photos printed in *the Register*.

The Official Publisher for the American Simmental Association

Date Book

Listing of sales by month. Printed in each issue of *the Register* and *SimTalk*. No charge, no requirements.

Mailing Lists

Whether you are mailing a sale catalog or one of our specially designed promotional products, we can help you obtain a custom mailing list that specifically targets your ideal demographic.

Sales Call

If you have recently advertised in *the Register* or *SimTalk*, you are automatically included in Sales Call prior to your sale. Broadcast to over 7,200 subscribers, Sales Call announces the date of your sale, and provides a link to your catalog or website.

Affordable Full-Color Catalogs

With direct access to ASA's database, our design team can provide quick and efficient catalog services. Contact Nancy Chesterfield for a free quote.

Web Marketing

eBlast

Get the word out about your upcoming event by emailing over 6,000 ASA members and subscribers. This is ASA's most popular form of web promotion and is an affordable, effective option.

Banner ad

Place your ad on the homepage of Simmental.org, Sales Call, in our phone app (SimmApp), or in weekly editions of ASA's eNews.

Additional Services

Our experienced design staff can assist you in developing any form of creative printed promotion. Products we can produce include

- ◆ State directories
- ◆ Flyers
- ◆ Postcards
- ◆ Logos
- ◆ Business cards
- ◆ Printed catalogs
- ◆ eBlast ads
- ◆ Website development and hosting
- ◆ Brochures
- ◆ Photo retouching
- ◆ Booths
- ◆ Downloadable PDFs
- ◆ Banners
- ◆ Posters
- ◆ Online catalog flipbooks

Transfer Services

We provide a simple spreadsheet that contains all of the sale lots. Following the sale, return the completed spreadsheet to ASA — all we need is a record of the buyer number(s) on each lot and a list of your buyers. We'll handle it from there, matching buyer information to ASA memberships and completing the transfers.

 Great Simbrah, Simmental
 and SimAngus™ cattle from
 elite cow families.

Smith Genetics focuses tremendous amounts of energy on breeding great Simmental, Simbrah and SimAngus™ cattle from elite cow families. They also place a strong emphasis on the junior programs. Their interest in juniors and the incentives they provide their junior customers are recognized across breeds.

7P Ranch

A Legacy of Quality Cattle

Time has a way of molding a program. And we've had quite a bit of time with Simmental and Simmental-influenced cattle – close to 50 years. From years of experience, we know what it takes to produce quality cattle. We stick with what we know – proven genetics utilizing extensive A.I. AND sound, practical cattle produced in a real-world environment. These cattle are raised and developed primarily on grass with minimal supplementation. We don't follow the fads. We do what we know to do and the product is quality cattle – in fact a legacy of it.

Join us at our upcoming sales at the ranch, Tyler, Texas

October

16 WSA Midwest Fall Round Up Sale
Fennimore Livestock Sale Exchange, Fennimore, WI

Junior Purchase Credit Incentive Program

- Juniors purchasing heifers, steers, or embryos at a WSA sanctioned sale will now be eligible to receive credit toward their next purchase of an animal and/or embryos at future WSA sanctioned sales or utilize earned show credits, if eligible, toward scholarships.
- Juniors must be a member in good standing in either the WJSA or a member of another state cattle association. Any Junior that shows his or her animal at least twice and provides validated proof of purchase and participation in an event with the animal that was purchased at a WSA sanctioned sale shall be eligible for a \$150.00 credit toward their next purchase of an animal from a WSA sanctioned sale. Any Junior in or entering his/her junior year of high school up to their maximum WJSA membership age, with commitment to a post secondary education will be eligible to convert their purchase credits into a scholarship to the school of their choice. Scholarship will be paid upon completion of first semester and proof of enrollment in the following semester.
- The animal is not required to place or win to be eligible.
- Please refer to the WSA/WJSA website for more information.

OUR PURPOSE. YOUR PROFIT.

Mission Statement

The success of the American Simmental Association is dependent on our members' cattle making a significant genetic contribution to the beef industry. By utilizing the most advanced science, the highest priority is to maintain services and products that bring value to ASA members' customers.

Core Policies

Science

Commitment to science and development of the most effective selection tools. Advance ASA in the industry.

Membership

Development, registration, and promotion of SimGenetics.

Youth

Support junior programs. Guide the junior membership and their programs to learn life skills, science and use of technology, and financial responsibilities. Involve the Foundation.

Collaboration

Commitment to partnerships with industry leaders and universities to advance research and science. Advancing selection tools, DNA-enhanced EPD, and monitoring genetic defects.

Promotion

Promotion and marketing to enhance our members' market share. Ensure that SimGenetics continues to appeal to the commercial industry.

Data Growth

Offer the most advanced genetic evaluation services with the largest database regardless of breed.

Financial Stability

ASA will maintain sufficient financial reserves to ensure leadership in the beef industry, funds for continued research and development, and a thriving breed association.

Services

Offer programs relating to all beef production segments. Be leaders. Step outside traditional practices and offer opportunities for our members to grow in the industry.

Education

For advancement and profit of our members and their customers.

EDUCATION

One of the first places commercial cattle producers go for help in understanding genetics is their trusted seedstock suppliers. Keeping ASA members up to speed on beef cattle genetics not only benefits our members, but also helps their customers make more informed decisions. ASA strongly believes in education and communication with our members and their customers

using a variety of platforms including printed articles, online resources, social media outlets, presentations at a variety of events, and the Fall Focus educational symposium. ASA's educational efforts involve many of our team and overlap with programs like our State Association relationships, SimSpecialists team, marketing efforts, and publications.

More than a Carcass Test

"The CMP is a complete young sire progeny test, collecting data from birth to harvest and beyond due to the fact many of the CMP herds retain daughters which ultimately report the earliest maternal data on the enrolled sires."

- Gordon Hodges, Gibbs Farms

The CMP collects birth-to-harvest data, genomics, and mature cow information.

April 1, 2023 at the Bluegrass Regional Marketplace, Lexington, KY

Simply put, our mission is to produce great-looking cattle with breed-leading numbers. Some would call this impossible. It's for sure a challenge. But it's the goal. We will never be satisfied, but we think about it, plan for it, and work at it every day!

Feeder Profit CALCULATOR™

Prove It.

You know your calves are worth it.

Give buyers facts so they know it too.

EFFECT OF SIRE BREED ON SALE PRICE OF BEEF STEER CALVES

Superior Livestock Auction, Summer 2020^a

SimAngus™-sired steer calves sold through Superior Livestock Auction in summer 2020 earned **more at sale time** than all other calves.^b

It's no wonder the percentage of **SimAngus™** calves marketed through the industry's largest video auction has grown **eightfold** since 2010.

Want low-risk, high-potential calves with earning potential?

STAND STRONG SIMMENTAL

406-587-4531 • simmental.org

^a For lots of 50 head or more. ^b Kansas State University, December 2020, Superior Livestock Auction data analysis of 3,280 lots, 594,900 head of beef calves marketed during summer 2020. (P<.0001)
^c Lots that qualified for breed-related programs were excluded from the model due to potential confounding effects with sire breed analysis and, for many, few lots in the data.
^{d, e, f} Means without a common superscript differ (P<0.05). Lots of calves in breed-identified groups were sired by bulls from the respective breeds and out of dams with no Brahman influence.

S*imTalk* is an 8 1/8 x 10 7/8 inch publication produced by *the Register*, the official publication of the American Simmental Association. Published four times annually, *SimTalk* is a glossy, full-color publication with a circulation that targets commercial users of SimGenetics. Advertising in *SimTalk* provides a unique opportunity to brand and trademark your program to thousands of potential customers. If you are serious about communicating with the commercial beef business, consider an advertising presence in every one of our four annual issues.

Space and four-color rates for *SimTalk*:

Space Rates	Non-Contract	2X Contract	4X Contract	Four Color
1 page	\$890	\$840	\$800	\$300
2/3 page	\$760	\$730	\$700	\$200

Classified Ads	\$2.00/word, \$24.00 minimum, must be prepaid			

SimTalk Deadlines for Publication:

	Sales Close	Ad Materials	Camera Ready	Mail Date
Early Fall 2022	July 22	July 29	Aug 12	Aug 30
Late Fall 2022	Sept 19	Sept 23	Oct 7	Oct 25
January 2023	Dec 2	Dec 9	Dec 16	Jan 13
March 2023	Jan 21	Jan 28	Feb 10	Mar 1

ASA/*SimTalk* Membership Directory 2023 Deadlines for Publication:

	May 2	May 10	May 24	June 14

Send all ad materials to: register@simmgene.com or Fax: 406-587-9301

A non-refundable fee of \$50.00 will be assessed if a client does not meet deadlines or if the client commits to advertising and cancels after the deadline or if the ad must be dropped to ensure on time publication.

Advertising materials (including photos) must be in *SimTalk* office by the dates listed above. *SimTalk*, which mails by bulk rate, assumes no responsibility for actual receipt date.

Design Charges

Advertising rates are for camera-ready ads only. Additional design charges will apply to any ad that is designed by ASA Publication, Inc.

Layouts & Proofs

Although every effort will be made to provide proofs on all ads, if all ad material arrive in the *SimTalk* office prior to the deadline and a correct email address or fax number is provided.

Terms

All accounts are due and payable when invoiced. Interest charges of 1.5 percent per month (18 percent APR) will be added to accounts 30 days past due. If an account becomes 60 days delinquent, all ASA Publication, Inc. work may be suspended until full payment is made. After review by the ASA Executive Committee, ASA privileges may be denied to those with accounts over 90 days delinquent.

Advertising Content

SimTalk and its staff assume no responsibility or obligation to verify the accuracy and truthfulness of advertising copy submitted to *SimTalk*. However, *SimTalk* reserves the right to reject any advertising copy or photo which *SimTalk* deems unsuitable for publication for any reason, including copy or photographs which are false or misleading. *SimTalk* assumes no responsibility for the accuracy and truthfulness of submitted print ready ads. Advertisers shall indemnify and hold harmless *SimTalk* for any claims concerning advertising content as submitted. Advertising containing pedigrees or statements regarding performance must conform to records kept by the American Simmental Association. Copy deviating from official records may be changed as necessary without advertiser consent.

Editorial Policy

Opinions expressed are the writers' and not necessarily those of *SimTalk*. Photographs are welcome, but no responsibility is assumed for material while in transit or while in the office.

BREED FOR PROFIT

Utilize the #1 Tool to Maximize Genetic Improvement

beef@internationalgeneticsolutions.com
www.internationalgeneticsolutions.com

American Simmental Association

All Purpose Index API

Designed to work best when selecting sires for use in herds that retain replacements and culled females and steers are finished and sold grade and yield.

Uses USDA technology and CattleFax price projections to predict profit differences between sires in units of \$ per exposed female.

ASA establishes API to be the most effective selection tool available to commercial producers working to improve their genetics and ranch profitability.

For more detailed information on API, visit: www.simmental.org

BREED FOR PROFIT

Utilize the #1 Tool to Maximize Terminal Value

TI Terminal Index

For more detailed information on TI, visit:
www.simmental.org

Designed to work best when selecting sires for use in herds that finish all calves and sell on a grade and yield basis.

Uses USDA technology and CattleFax price projections to predict profit differences between sires in units of \$ per exposed female.

ASA utilizes the industry's most comprehensive sources of multi-breed carcass genetic predictions (MARC and IGS) to establish \$TI as the most effective terminal selection tool.

QUICK REFERENCE GUIDE

ASA EPD AND \$INDEXES

Expected Progeny Differences (EPD)

EPD are the most accurate and effective tool available for comparing genetic levels. In using EPD, the difference between two sires' EPD represents the unit difference expected in the performance of their progeny. For example, if sires A and B have EPD of +10 and -5, a 15-unit difference would be expected in their progeny (moving from -5 to +10 yields 15 units). Key to using EPD is knowing what units they are expressed in. If the above case referred to weaning weight EPD, Sire A would be expected to sire 15 pounds more weaning weight than Sire B. If calving ease were the trait, A would be expected to sire 15 percent more unassisted births in first-calf heifers; in other words, if Sire B sired 30 calves requiring calving assistance in a group of 100 heifers, we'd expect Sire A to require 15 assists. A percentile-ranking chart is required to determine where a bull's EPD rank him relative to other bulls in the breed. For percentile rankings or more detailed information about EPD and \$Indexes, visit www.simmental.org, then click Percentile Tables under the Herdbook: Animal Registration tab.

Units of ASA's EPD and \$Index

All-Purpose Index (\$API): Dollars per cow exposed under an all-purpose-sire scenario. (See right for more details).

Average Daily Gain (ADG): Pounds of post-weaning daily weight gain.

Backfat (BF): Inches of backfat at 475 days.

Birth Weight (BW): Pounds of birth weight.

Calving Ease (CE): Percent of unassisted births when used on heifers.

Carcass Weight (CW): Pounds of carcass weight at 475 days.

Docility (DOC): Percent of offspring receiving a disposition score of 1 (docile).

Marbling (MRB): Marbling score at 475 days.

Maternal Calving Ease (MCE): Percent of unassisted births in first-calving daughters.

Maternal Weaning Weight (MWW): Pounds of weaning weight due to milk and growth.

Milk (MLK): Pounds of weaning weight due to milk.

Ribeye Area (REA): Square inches of ribeye.

Stayability (STAY): Percentage of daughters remaining in the cow herd at six years of age.

Terminal Index (\$TI): Dollars per cow exposed under a terminal-sire scenario. (See right for more details).

Weaning Weight (WW): Pounds of weaning weight.

Yearling Weight (YW): Pounds of yearling weight.

Yield Grade (YG): Yield grade score at 475 days.

\$Indexes

Though EPD allow for the comparison of genetic levels for many economically important traits, they only provide a piece of the economic puzzle. That's where \$Indexes come in. Through well-conceived, rigorous mathematical computation, \$Indexes blend EPD and economics to estimate an animal's overall impact on your cow herd enterprise. The same technology that led to the dramatic progress in swine, poultry, and dairy genetics over the last several decades was used to develop the following \$Indexes:

All-Purpose Index (\$API)

Evaluates sires for use on the entire cow herd (bred to both Angus first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.

Terminal Index (\$TI)

Evaluates sires for use on mature Angus cows with all offspring put on feed and sold grade and yield.

Using \$API and \$TI

First, determine which index to use; if you're keeping replacements use \$API, if not, \$TI. Then, just as with EPD, zero in on the unit difference between bulls. (As described above, index units are in dollars per cow exposed.) The difference can be used to determine how much a bull is worth compared to another. Or, put another way, how much you can pay for one bull compared to another (see chart below).

\$All Purpose Index (\$API)

Predicts cow herd profitability using valuable traits like cow longevity (STAY) and calving ease while keeping pressure on terminal traits.

Compare the profit potential of two Simmental bulls using \$API

- 1 Bull A's \$API = \$120 and Bull B's \$API = \$180
- 2 Breeding 25 females/year
- 3 Used for 5 years

Bull	1 \$API		2 # Females per year		3 # years using the bull		Profit Potential
A	\$120	X	25	X	5	=	\$15,000
B	\$180	X	25	X	5	=	\$22,500
						Difference	= \$7,500

Just like an EPD, compare two bulls to see the expected difference in profit. Bull B is likely to result in direct revenue and expense savings of an additional \$7,500 over the course of five years. Plug in your numbers for 1, 2, and 3 to compare your potential earnings.

Important disclaimer:

DO NOT compare index values of purebreds of different breeds, hybrids of different breed composition, or purebreds with hybrids. Our system was not developed to make valid comparison among these groups. Therefore, you must first determine the breed and breed composition appropriate for your herd and use index values to compare animals within that population.

- › Jurisdiction offers a unique combination of high-quality phenotype and elite genetic value. With outstanding style, structure and balance, Jurisdiction has caught the eye of many excellent cattle evaluators at the Cattlemen's Congress while being exhibited by the Olson family of Four Point Livestock, Minnesota.
- › With added rib shape, body capacity, stoutness and testicle size, Jurisdiction has the physical attributes to be a true breeding bull. Add in his outstanding combination of high CED, top 1% marbling and powerful indexes, and Jurisdiction is a multi-faceted sire for many segments of the industry!

Watch Video

- › This powerhouse baldy combines an artfully crafted pedigree, outstanding birth to yearling spread, and top-tier AP and TI figures.
- › With as much body and thickness as one can ask for, Reserve will add stoutness and quality to any mating. If you're on the hunt for a baldy with mass, power and maternal strength without sacrificing genetic merit, look no further than Reserve!
