## SimAngus™

- Gold Strike continues to impress and has grown into a very impressive mature bull with great structural integrity, added length and eye appeal.
- His dam, who offers an outcross pedigree, has posted impressive ratios for BW of 92 (7) and WW of 113 (7). Gold Strike is offering the same performance we expected with 187 progeny reported and a WW ratio of 102.
- Gold Strike is a 3/4 blood which gives mating flexibility for use in making percentage cattle or making purebreds. Look for his progeny to be attractive, with added shape and maternal. He ranks as a breed leader in MWW and REA!
- He offers a great blend of phenotype, Calving Ease and performance.
